www.SambaPlans.com
Customer Service 800-638-6589

2019

A Fee-for-Service Plan (High and Standard Option) with a Preferred Provider Organization

This plan's health coverage qualifies as minimum essential coverage and meets the minimum value standard for the benefits it provides. See page 7 for details. This plan is accredited. See page 11.

IMPORTANT:

- Rates: Back Cover
- Changes for 2019: Page 13
- Summary of benefits: Pages 116 and 117

Sponsored and administered by: the Special Agents Mutual Benefit Association (SAMBA)

Who may enroll in this Plan: All Federal employees and annuitants who are eligible to enroll in the Federal Employees Health Benefits Program (FEHB) may enroll in the SAMBA Health Benefit Plan.

To become a member: Employees and annuitants enrolling in the SAMBA Health Benefit Plan will automatically become members of the Special Agents Mutual Benefit Association.

Membership dues: There are no membership dues.

Enrollment codes for this Plan:

- 441 Self Only – High Option
- 443 Self Plus One – High Option
- 442 Self and Family – High Option
- 444 Self Only – Standard Option
- 446 Self Plus One – Standard Option
- 445 Self and Family – Standard Option

Authorized for distribution by the:

**United States
Office of Personnel Management**

Healthcare and Insurance

Important Notice from SAMBA About Our Prescription Drug Coverage and Medicare

The Office of Personnel Management (OPM) has determined that the SAMBA Health Benefit Plan's prescription drug coverage is, on average, expected to pay out as much as the standard Medicare prescription drug coverage will pay for all plan participants and is considered Creditable Coverage. This means you do not need to enroll in Medicare Part D and pay extra for prescription drug coverage. If you decide to enroll in Medicare Part D later, you will not have to pay a penalty for late enrollment as long as you keep your FEHB coverage.

However, if you choose to enroll in Medicare Part D, you can keep your FEHB coverage and your FEHB plan will coordinate benefits with Medicare.

Remember: If you are an annuitant and you cancel your FEHB coverage, you may not re-enroll in the FEHB Program.

Please be advised

If you lose or drop your FEHB coverage and go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage, your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go 19 months without Medicare Part D prescription drug coverage, your premium will always be at least 19 percent higher than what many other people pay. You will have to pay this higher premium as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the next Annual Coordinated Election Period (October 15 through December 7) to enroll in Medicare Part D.

Medicare's Low Income Benefits

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information regarding this program is available through the Social Security Administration (SSA) online at www.socialsecurity.gov, or call the SSA at 800-772-1213 (TTY: 800-325-0778).

You can get more information about Medicare prescription drug plans and the coverage offered in your area from these places:

- Visit www.medicare.gov for personalized help.
- Call 800-MEDICARE (800-633-4227), TTY: 877-486-2048.

Introduction

This brochure describes the benefits of the SAMBA Health Benefit Plan under our contract (CS 1074) with the United States Office of Personnel Management, as authorized by the Federal Employees Health Benefits law. Customer service may be reached at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or through our website: www.SambaPlans.com. The address for the SAMBA Health Benefit Plan administrative offices is:

SAMBA Health Benefit Plan
11301 Old Georgetown Road
Rockville, MD 20852-2800

This brochure is the official statement of benefits. No verbal statement can modify or otherwise affect the benefits, limitations, and exclusions of this brochure. It is your responsibility to be informed about your health benefits.

If you are enrolled in this Plan, you are entitled to the benefits described in this brochure. If you are enrolled in Self Plus One or Self and Family coverage, each eligible family member is also entitled to these benefits. You do not have a right to benefits that were available before January 1, 2019, unless those benefits are also shown in this brochure.

OPM negotiates benefits and rates with each plan annually. Benefit changes are effective January 1, 2019, and changes are summarized on page 13. Rates are shown at the end of this brochure.

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.

The ACA establishes a minimum value for the standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). The health coverage of this plan meets the minimum value standard for the benefits the plan provides.

Plain Language

All FEHB brochures are written in plain language to make them easy to understand. Here are some examples:

- Except for necessary technical terms, we use common words. For instance, “you” means the enrollee or family member, “we” or “us” means the SAMBA Health Benefit Plan.
 - We limit acronyms to ones you know. FEHB is the Federal Employees Health Benefits Program. OPM is the United States Office of Personnel Management. If we use others, we tell you what they mean.
 - Our brochure and other FEHB plans’ brochures have the same format and similar descriptions to help you compare plans.
-

Stop Health Care Fraud!

Fraud increases the cost of health care for everyone and increases your Federal Employees Health Benefits Program premium.

OPM’s Office of the Inspector General investigates all allegations of fraud, waste, and abuse in the FEHB Program regardless of the agency that employs you or from which you retired.

Protect Yourself From Fraud – Here are some things that you can do to prevent fraud:

- Do not give your plan identification (ID) number over the telephone or to people you do not know, except for your health care provider, authorized health benefits plan, or OPM representative.
- Let only the appropriate medical professionals review your medical record or recommend services.
- Avoid using health care providers who say that an item or service is not usually covered, but they know how to bill us to get it paid.
- Carefully review explanations of benefits (EOBs) statements that you receive from us.
- Periodically review your claim history for accuracy to ensure we have not been billed for services you did not receive.
- Do not ask your doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.

- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) and explain the situation.
 - If we do not resolve the issue:

CALL — THE HEALTH CARE FRAUD HOTLINE
877-499-7295

OR go to www.opm.gov/our-inspector-general/hotline-to-report-fraud-waste-or-abuse/complaint-form/

The online reporting form is the desired method of reporting fraud in order to ensure accuracy, and a quicker response time.

You can also write to:

**United States Office of Personnel Management
 Office of the Inspector General Fraud Hotline
 1900 E Street, NW, Room 6400
 Washington, DC 20415-1100**

- Do not maintain as a family member on your policy:
 - Your former spouse after a divorce decree or annulment is final (even if a court order stipulates otherwise); or
 - Your child age 26 or over (unless he/she was disabled and incapable of self-support prior to age 26).
- If you have any questions about the eligibility of a dependent, check with your personnel office if you are employed, with your retirement office (such as OPM) if you are retired, or with the National Finance Center if you are enrolled under Temporary Continuation of Coverage (TCC).
- Fraud or intentional misrepresentation of material fact is prohibited under the Plan. You can be prosecuted for fraud and your agency may take action against you. Examples of fraud include falsifying a claim to obtain FEHB benefits, trying to or obtaining services or coverage for yourself or for someone who is not eligible for coverage, or enrolling in the Plan when you are no longer eligible.
- If your enrollment continues after you are no longer eligible for coverage (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed by your provider for services received. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member is no longer eligible to use your health insurance coverage.

Discrimination is Against the Law

The SAMBA Health Benefit Plan complies with applicable Federal civil rights laws, to include both Title VII of the Civil Rights Act of 1964 and Section 1557 of the Affordable Care Act. Pursuant to Section 1557, SAMBA does not discriminate, exclude people, or treat them differently on the basis of race, color, national origin, age, disability, or sex.

You may file a 1557 complaint with the HHS Office of Civil Rights, an FEHB Program carrier, or OPM. You may file a civil rights complaint with OPM by mail at:

Office of Personnel Management

 Washington, D.C. 20415-3610

Preventing Medical Mistakes

Medical mistakes continue to be a significant cause of preventable deaths within the United States. While death is the most tragic outcome, medical mistakes cause other problems such as permanent disabilities, extended hospital stays, longer recoveries, and even additional treatments. Medical mistakes and their consequences also add significantly to the overall cost of healthcare. Hospitals and healthcare providers are being held accountable for the quality of care and reduction in medical mistakes by their accrediting bodies. You can also improve the quality and safety of your own health care and that of your family members by learning more about and understanding your risks. Take these simple steps:

1. **Ask questions if you have doubts or concerns.**

- Ask questions and make sure you understand the answers.
- Choose a doctor with whom you feel comfortable talking.
- Take a relative or friend with you to help you take notes, ask questions and understand answers.

2. **Keep and bring a list of all the medications you take.**

- Bring the actual **medications** or give your doctor and pharmacist a list of all the **medications** and dosage that you take, including non-prescription (over-the-counter) **medications** and nutritional supplements.
- Tell your doctor and pharmacist about any drug, food, and other allergies you have, such as latex.
- Ask about any risks or side effects of the medication and what to avoid while taking it. Be sure to write down what your doctor or pharmacist says.
- Make sure your **medication** is what the doctor ordered. Ask the pharmacist about your medicine if it looks different than you expected.
- Read the label and patient package insert when you get your **medication**, including all warnings and instructions.
- Know how to use your **medication**. Especially note the times and conditions when your **medication** should and should not be taken.
- Contact your doctor or pharmacist if you have any questions.
- Understanding both the generic and brand names of your medication. This helps ensure you do not receive double dosing from taking both a generic and a brand. It also helps prevent you from taking a medication to which you are allergic.

3. **Get the results of any test or procedure.**

- Ask when and how you will get the results of tests or procedures. Will it be in person, by phone, mail, through the Plan or Provider's portal?
- Don't assume the results are fine if you do not get them when expected. Contact your healthcare provider and ask for your results.
- Ask what the results mean for your care.

4. **Talk to your doctor about which hospital or clinic is best for your health needs.**

- Ask your doctor about which hospital or clinic has the best care and results for your condition if you have more than one hospital or clinic to choose from to get the health care you need.
- Be sure you understand the instructions you get about follow-up care when you leave the hospital or clinic.

5. **Make sure you understand what will happen if you need surgery.**

- Make sure you, your doctor, and your surgeon all agree on exactly what will be done during the operation.
- Ask your doctor, "Who will manage my care when I am in the hospital?"
- Ask your surgeon:
 - "Exactly what will you be doing?"
 - "About how long will it take?"
 - "What will happen after surgery?"
 - "How can I expect to feel during recovery?"
- Tell the surgeon, anesthesiologist, and nurses about any allergies, bad reactions to anesthesia, and any medications or nutritional supplements you are taking.

Preventable Healthcare Acquired Conditions ("Never Events")

When you enter the hospital for treatment of one medical problem, you do not expect to leave with additional injuries, infections, or other serious conditions that occur during the course of your stay. Although some of these complications may not be avoidable, patients do suffer from injuries or illnesses that could have been prevented if doctors or the hospital had taken proper precautions. Errors in medical care that are clearly identifiable, preventable and serious in their consequences for patients, can indicate a significant problem in the safety and credibility of a health care facility. These conditions and errors are sometimes called “Never Events” or “Serious Reportable Events.”

We have a benefit payment policy that encourages hospitals to reduce the likelihood of hospital-acquired conditions such as certain infections, severe bedsores, and fractures, and to reduce medical errors that should never happen. When such an event occurs, neither you nor your FEHB plan will incur costs to correct the medical error. You will not be billed for inpatient services related to treatment of specific hospital-acquired conditions or for inpatient services needed to correct Never Events, if you use Cigna preferred providers. This policy helps to protect you from preventable medical errors and improve the quality of care you receive.

FEHB Facts

Coverage information

- **No pre-existing condition limitation**

We will not refuse to cover the treatment of a condition that you had before you enrolled in this Plan solely because you had the condition before you enrolled.
- **Minimum essential coverage (MEC)**

Coverage under this plan qualifies as minimum essential coverage (MEC) and satisfies the Patient Protection and Affordable Care Act's (ACA) individual shared responsibility requirement. Please visit the Internal Revenue Service (IRS) website at www.irs.gov/uac/Questions-and-Answers-on-the-Individual-Shared-Responsibility-Provision for more information on the individual requirement for MEC.
- **Minimum value standard**

Our health coverage meets the minimum value standard of 60% established by the ACA. This means that we provide benefits to cover at least 60% of the total allowed costs of essential health benefits. The 60% standard is an actuarial value; your specific out-of-pocket costs are determined as explained in this brochure.
- **Where you can get information about enrolling in the FEHB Program**

See www.opm.gov/healthcare-insurance/healthcare for enrollment information as well as:

 - Information on the FEHB Program and plans available to you
 - A health plan comparison tool
 - A list of agencies that participate in Employee Express
 - A link to Employee Express
 - Information on and links to other electronic enrollment systems

Also, your employing or retirement office can answer your questions, and give you brochures for other plans and other materials you need to make an informed decision about your FEHB coverage. These materials tell you:

 - When you may change your enrollment
 - How you can cover your family members
 - What happens when you transfer to another Federal agency, go on leave without pay, enter military service, or retire
 - What happens when your enrollment ends
 - When the next Open Season for enrollment begins

We don't determine who is eligible for coverage and, in most cases, cannot change your enrollment status without information from your employing or retirement office. For information on your premium deductions, you must also contact your employing or retirement office.
- **Types of coverage available for you and your family**

Self Only coverage is for you alone. Self Plus One coverage is an enrollment that covers you and one eligible family member. Self and Family coverage is for you and one eligible family member, or your spouse, and your dependent children under age 26, including any foster children authorized for coverage by your employing agency or retirement office. Under certain circumstances, you may also continue coverage for a disabled child 26 years of age or older who is incapable of self-support.

If you have a Self Only enrollment, you may change to a Self Plus One or Self and Family enrollment if you marry, give birth, or add a child to your family. You may change your enrollment 31 days before to 60 days after that event. The Self Plus One or Self and Family enrollment begins on the first day of the pay period in which the child is born or becomes an eligible family member. When you change to Self Plus One or Self and Family because you marry, the change is effective on the first day of the pay period that begins after your employing office receives your enrollment form. Benefits will not be available to your spouse until you are married.

Your employing or retirement office will **not** notify you when a family member is no longer eligible to receive benefits, nor will we. Please tell us immediately of changes in family member status including your marriage, divorce, annulment, or when your child reaches age 26.

If you or one of your family members is enrolled in one FEHB plan, you or they cannot be enrolled in or covered as a family member by another enrollee in another FEHB plan.

If you have a qualifying life event (QLE) – such as marriage, divorce, or the birth of a child – outside of the Federal Benefits Open Season, you may be eligible to enroll in the FEHB Program, change your enrollment, or cancel coverage. For a complete list of QLEs, visit the FEHB website at www.opm.gov/healthcare-insurance/life-event. If you need assistance, please contact your employing agency, Tribal Benefits Officer, personnel/payroll office, or retirement office.

• **Family member coverage**

Family members covered under your Self and Family enrollment are your spouse (including a valid common law marriage) and children as described in the chart below. A Self Plus One enrollment covers you and your spouse, or one other eligible family member as described in the chart below.

Children	Coverage
Natural children, adopted children, and stepchildren	Natural, adopted children and stepchildren are covered until their 26th birthday.
Foster children	Foster children are eligible for coverage until their 26th birthday if you provide documentation of your regular and substantial support of the child and sign a certification stating that your foster child meets all the requirements. Contact your human resources office or retirement system for additional information.
Children incapable of self-support	Children who are incapable of self-support because of a mental or physical disability that began before age 26 are eligible to continue coverage. Contact your human resources office or retirement system for additional information.
Married children	Married children (but NOT their spouse or their own children) are covered until their 26th birthday.
Children with or eligible for employer-provided health insurance	Children who are eligible for or have their own employer-provided health insurance are covered until their 26th birthday.

Newborns of covered children are insured only for routine nursery care during the covered portion of the mother's maternity stay.

You can find additional information at www.opm.gov/healthcare-insurance.

• **Children's Equity Act**

OPM has implemented the Federal Employees Health Benefits Children's Equity Act of 2000. This law mandates that you be enrolled for Self Plus One or Self and Family coverage in the FEHB Program, if you are an employee subject to a court or administrative order requiring you to provide health benefits for your child(ren).

If this law applies to you, you must enroll in Self Plus One or for Self and Family coverage in a health plan that provides full benefits in the area where your children live or provide documentation to your employing office that you have obtained other health benefits coverage for your children. If you do not do so, your employing office will enroll you involuntarily as follows:

- If you have no FEHB coverage, your employing office will enroll you for Self Plus One or Self and Family coverage, as appropriate, in the lowest-cost nationwide plan option as determined by OPM;

- If you have a Self Only enrollment in a fee-for-service plan or in an HMO that serves the area where your children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the same option of the same plan; or
- If you are enrolled in an HMO that does not serve the area where the children live, your employing office will change your enrollment to Self Plus One or Self and Family, as appropriate, in the lowest-cost nationwide plan option as determined by OPM.

As long as the court/administrative order is in effect, and you have at least one child identified in the order who is still eligible under the FEHB Program, you cannot cancel your enrollment, change to Self Only, or change to a plan that does not serve the area in which your children live, unless you provide documentation that you have other coverage for the children.

If the court/administrative order is still in effect when you retire, and you have at least one child still eligible for FEHB coverage, you must continue your FEHB coverage into retirement (if eligible) and cannot cancel your coverage, change to Self Only, or change to a plan that does not serve the area in which your children live as long as the court/administrative order is in effect. Similarly, you cannot change to Self Plus One if the court/administrative order identifies more than one child. Contact your employing office for further information.

• **When benefits and premiums start**

The benefits in this brochure are effective on January 1. If you joined this Plan during Open Season, your coverage begins on the first day of your first pay period that starts on or after January 1. **If you changed plans or plan options during Open Season and you receive care between January 1 and the effective date of coverage under your new plan or option, your claims will be paid according to the 2019 benefits of your old plan or option.** However, if your old plan left the FEHB Program at the end of the year, you are covered under that plan's 2018 benefits until the effective date of your coverage with your new plan. Annuitants' coverage and premiums begin on January 1. If you joined at any other time during the year, your employing office will tell you the effective date of coverage.

If your enrollment continues after you are no longer eligible for coverage, (i.e., you have separated from Federal service) and premiums are not paid, you will be responsible for all benefits paid during the period in which premiums were not paid. You may be billed for services received directly from your provider. You may be prosecuted for fraud for knowingly using health insurance benefits for which you have not paid premiums. It is your responsibility to know when you or a family member are no longer eligible to use your health insurance coverage.

• **When you retire**

When you retire, you can usually stay in the FEHB Program. Generally, you must have been enrolled in the FEHB Program for the last five years of your Federal service. If you do not meet this requirement, you may be eligible for other forms of coverage, such as Temporary Continuation of Coverage (TCC).

When you lose benefits

• **When FEHB coverage ends**

You will receive an additional 31 days of coverage, for no additional premium, when:

- Your enrollment ends, unless you cancel your enrollment; or
- You are a family member no longer eligible for coverage.

Any person covered under the 31 day extension of coverage who is confined in a hospital or other institution for care or treatment on the 31st day of the temporary extension is entitled to continuation of the benefits of the Plan during the continuance of the confinement but not beyond the 60th day after the end of the 31 day temporary extension.

You may be eligible for spouse equity coverage or assistance with enrolling in a conversion policy (a non-FEHB individual policy).

- **Upon divorce**

If you are divorced from a Federal employee or an annuitant, you may not continue to get benefits under your former spouse's enrollment. This is the case even when the court has ordered your former spouse to provide health coverage for you. However, you may be eligible for your own FEHB coverage under either the spouse equity law or Temporary Continuation of Coverage (TCC). If you are recently divorced or are anticipating a divorce, contact your ex-spouse's employing or retirement office to get information about your coverage choices. You can also visit OPM's website at www.opm.gov/healthcare-insurance/healthcare/plan-information/guides.

- **Temporary Continuation of Coverage (TCC)**

If you leave Federal service, Tribal employment, or if you lose coverage because you no longer qualify as a family member, you may be eligible for Temporary Continuation of Coverage (TCC). The Patient Protection and Affordable Care Act (ACA) did not eliminate TCC or change the TCC rules. For example, you can receive TCC if you are not able to continue your FEHB enrollment after you retire, if you lose your Federal or Tribal job, if you are a covered dependent child and you turn age 26, regardless of marital status, etc.

You may not elect TCC if you are fired from your Federal or Tribal job due to gross misconduct.

Enrolling in TCC. Get the RI 79-27, which describes TCC from your employing or retirement office or from www.opm.gov/healthcare-insurance/healthcare/plan-information/guides. It explains what you have to do to enroll.

Alternatively, you can buy coverage through the Health Insurance Marketplace where, depending on your income, you could be eligible for a new kind of tax credit that lowers your monthly premiums. Visit www.HealthCare.gov to compare plans and see what your premium, deductible, and out-of-pocket costs would be before you make a decision to enroll. Finally, if you qualify for coverage under another group health plan (such as your spouse's plan), you may be able to enroll in that plan, as long as you apply within 30 days of losing FEHB Program coverage.

- **Converting to individual coverage**

If you leave Federal or Tribal service, your employing office will notify you of your right to convert. You must contact us in writing within 31 days after you receive this notice. However, if you are a family member who is losing coverage, the employing or retirement office will not notify you. You must contact us in writing within 31 days after you are no longer eligible for coverage.

Your benefits and rates will differ from those under the FEHB Program; however, you will not have to answer questions about your health, a waiting period will not be imposed, and your coverage will not be limited due to pre-existing conditions. When you contact us, we will assist you in obtaining information about health benefits coverage inside or outside the Affordable Care Act's Health Insurance Marketplace in your state. For assistance in finding coverage, please contact us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or visit our website at www.SambaPlans.com.

- **Health Insurance Marketplace**

If you would like to purchase health insurance through the ACA's Health Insurance Marketplace, please visit www.HealthCare.gov. This is a website provided by the U.S. Department of Health and Human Services that provides up-to-date information on the Marketplace.

Section 1. How This Plan Works

This Plan is a fee-for-service (FFS) plan. OPM requires that FEHB plans be accredited to validate that plan operations and/or care management meet or exceed nationally recognized standards. SAMBA holds the following accreditation: Accreditation Association for Ambulatory Health Care (AAAHC). The vendors that support SAMBA hold accreditations from URAC (Cigna Health Management, Inc. and Express Scripts) and the National Committee for Quality Assurance (Cigna's Open Access Plus Network). To learn more about this plan's accreditations, please visit the following websites: www.aaahc.org; www.ncqa.org; www.URAC.org. You can choose your own physicians, hospitals, and other health care providers. We give you a choice of enrollment in a High Option or a Standard Option.

We reimburse you or your provider for your covered services, usually based on a percentage of the amount we allow. The type and extent of covered services, and the amount we allow, may be different from other plans. Read brochures carefully.

General features of our High and Standard Options

We have a Preferred Provider Organization (PPO)

Our fee-for-service plan offers services through a PPO. This means that certain hospitals and other health care providers are "preferred providers." We have entered into an arrangement with Cigna to offer the Cigna Open Access Plus (OAP) Network to serve as the Plan's PPO for SAMBA enrollees in all states. When you use our PPO providers, you will receive covered services at reduced cost. SAMBA is solely responsible for the selection of the OAP network in your area. Contact CareAllies (Cigna's Medical Management Team) at 800-887-9735 for the names of OAP providers and to verify their continued participation. You can also go to our Web page, which you can reach through the FEHB website, www.opm.gov/insure. Contact SAMBA at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) to request a PPO directory.

The Non-PPO benefits are the regular benefits of this Plan. PPO benefits apply only when you use a participating Cigna OAP Network provider. Note: Use of a participating Network doctor or hospital does not guarantee that the associated ancillary providers such as specialists, emergency room doctors, anesthesiologists, radiologists, and pathologists participate in the Network. Provider networks may be more extensive in some areas than others. We cannot guarantee the availability of every specialty in all areas and continued participation of any specific provider cannot be guaranteed. When you phone for an appointment, please remember to verify that the health care provider or facility is still a Cigna OAP Network provider. The nature of the services (such as urgent or emergency situations) does not affect whether benefits are paid as PPO or Non-PPO. If you reside in the PPO network area and no PPO provider is available, or you do not use a PPO provider, the regular Non-PPO benefits apply.

You cannot change health plans out of Open Season because of changes to the provider network.

Other Participating Providers

The Plan offers access to certain Non-PPO health care providers that have agreed to discount their charges. These providers are available to you through the MultiPlan network. Covered services by these providers are considered at the negotiated rate and are subject to applicable deductibles, coinsurances and copayments. Since these Other Participating Providers are not PPO providers the regular Non-PPO benefits will apply.

How we pay providers

When you use a PPO provider or facility, our Plan allowance is the negotiated rate for the service. You are not responsible for charges above the negotiated amount.

Non-PPO facilities and providers do not have special agreements with the Plan. When you use a Non-PPO provider to perform the service or provide the supply, our payment is based on our allowance for covered services (see page 108). In addition to applicable copayment, coinsurance and deductible amounts, you are responsible for the difference between the provider's charge and our allowance. Please note that your out-of-pocket costs may be higher when you use Non-PPO providers than when you use PPO providers.

When we are able to obtain discounts through negotiations with providers, we pass along the savings to you.

Your rights and responsibilities

OPM requires that all FEHB plans provide certain information to their FEHB members. You may get information about us, our networks and our providers. OPM's FEHB website (www.opm.gov/insure) lists the specific types of information that we must make available to you. Some of the required information is listed below.

- SAMBA was established in 1948
- SAMBA is a not-for-profit employee association

You are also entitled to a wide range of consumer protections and have specific responsibilities as a member of this Plan. You can view the complete list of these rights and responsibilities by visiting our website, www.SambaPlans.com. You can also contact us to request that we mail a copy to you.

If you want more information about us, call 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155), or write to SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800. You may also contact us by fax at 301-984-6224 or visit our website at www.SambaPlans.com.

By law, you have the right to access your personal health information (PHI). For more information regarding access to PHI, visit our website at www.SambaPlans.com to obtain a Notice of our Privacy Practices. You can also contact us to request that we mail you a copy of that Notice.

Your medical and claim records are confidential

We will keep your medical and claims records confidential. Please note that we may disclose your medical and claims information (including your prescription drug utilization) to any of your treating physicians or dispensing pharmacies.

Section 2. Changes for 2019

Do not rely only on these change descriptions; this Section is not an official statement of benefits. For that, go to Section 5 Benefits. Also, we edited and clarified language throughout the brochure; any language change not shown here is a clarification that does not change benefits.

Changes to both our High and Standard Option

- We will waive the prescription drug copay or coinsurance for the first two fills per person, per calendar year, for the covered purchase of Naloxone-based rescue agents. See Section 5(f), page 79.
- We are implementing coverage limitations for drug testing and screening. See page 32.
- You will have access to a Personal Medication Coach (PMC) Program through Express Scripts, Inc. (ESI). This Program is designed to optimize outcomes for patients with chronic and complex conditions in particular disease situations. There is no additional cost for this service. See page 87.
- We have expanded the patient safety, economy and effectiveness programs through Express Scripts SafeGuardRxSM Program under the Prescription drug benefits. See page 75.
- You must use Accredo, Express Scripts Specialty Pharmacy, to purchase long term specialty medications. See Section 5(f), pages 73 and 74.
- We will no longer provide coverage for Vitamin D supplements (400 and 1,000 units) for members 65 or older.
- We no longer provide benefits for allogeneic transplants for early stage (indolent or non-advanced) small cell lymphocytic lymphoma and allogeneic transplants for infantile malignant osteopetrosis.
- We now provide benefits for autologous transplants for chronic lymphocytic lymphoma/small lymphocytic lymphoma (CLL/SLL) and allogeneic transplants for advanced neuroblastoma. See pages 56 and 59.
- We have expanded our existing Step Therapy Program to include additional therapeutic categories. See *Section 5(f). Prescription Drug Benefits*, page 75.

Changes to our High Option only

- Your share of the non-Postal premium will decrease for Self Only, Self Plus One, and Self and Family. See page 118.

Changes to our Standard Option only

- Your share of the non-Postal premium will decrease for Self Only, Self Plus One, and Self and Family. See page 118.
- Your calendar year deductible is reduced from \$400 to \$350 per person (limited to \$700 for Self Plus One and \$900 for Self and Family). See page 22.

Clarifications

- We have updated the Plan brochure language to clarify the potential benefits available for genetic counseling and genetic testing. See Section 5(a), page 31.
- *Section 5(e). Mental Health and Substance Use Disorder Benefits* has been updated to clarify that inpatient professional services and electroconvulsive therapy are paid at the Plan's regular coinsurance rates and are not subject to the per visit copays. See page 70.

Section 3. How You Get Care

Identification cards

We will send you an identification (ID) card when you enroll. You should carry your ID card with you at all times. You must show it whenever you receive services from a Plan provider, or fill a prescription at a Plan pharmacy. Until you receive your ID card, use your copy of the Health Benefits Election Form, SF-2809, your health benefits enrollment confirmation (for annuitants), or your electronic enrollment system (such as Employee Express) confirmation letter.

If you do not receive your ID card within 30 days after the effective date of your enrollment, or if you need replacement cards, call us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or write to us at SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800. You may also request replacement cards through our website: www.SambaPlans.com.

Where you get covered care

You can get care from any “covered provider” or “covered facility.” How much we pay – and you pay – depends on the type of covered provider or facility you use and who bills for the covered service. If you use our preferred providers, you will pay less.

• Covered providers

We provide benefits for the services of covered professional providers, as required by Section 2706(a) of the Public Health Service Act (PHSA). Coverage of practitioners is not determined by your state’s designation as a medically underserved area (MUA).

Covered professional providers are medical practitioners who perform covered services when acting within the scope of their license or certification under applicable state law and who furnish, bill, or are paid for their health care services in the normal course of business. Covered services must be provided in the state in which the practitioner is licensed or certified.

We consider the following to be covered providers when they perform services within the scope of their license or certification:

- doctor of medicine (M.D.)
- doctor of osteopathy (D.O.)
- doctor of podiatry (D.P.M.)
- dentist (D.D.S., D.M.D.)
- chiropractor
- licensed registered physical therapist
- licensed occupational therapist
- licensed speech therapist
- qualified clinical psychologist
- clinical social worker
- optometrist
- audiologist
- respiratory therapist
- physician’s assistant
- nurse midwife
- nurse practitioner/clinical specialist
- nursing school-administered clinic
- certified registered nurse anesthetist (C.R.N.A.)
- licensed acupuncturist (LAC)
- licensed naturopathic doctor (ND)

- **Covered facilities**

Covered facilities include:

- Ambulatory surgical center —
 - 1) A facility which is licensed by the state as an ambulatory surgery center or has Medicare certification as an ambulatory surgical center, has permanent facilities and equipment for the primary purpose of performing surgical and/or renal dialysis procedures on an outpatient basis; provides treatment by or under the supervision of doctors and nursing services whenever the patient is in the facility; does not provide inpatient accommodations; and is not a facility used as an office or clinic for the private practice of a doctor or other professional.
 - 2) In the State of California, ambulatory surgical facilities do not require a license if they are physician owned. To be covered, these facilities must be accredited by one of the following: AAAHC (Accreditation Association for Ambulatory Health Care), AAAASF (American Association for Accreditation for Ambulatory Surgery Facilities), IMQ (Institute for Medical Quality), or JCAHO (Joint Commission on Accreditation of Healthcare Organizations).
- Birthing center — a licensed or certified facility approved by the Plan, that provides services for nurse midwifery and related maternity services.
- Hospital —
 - 1) An institution that is accredited under the hospital accreditation program of the Joint Commission on Accreditation of Healthcare Organizations, or
 - 2) Any other institution that is operated pursuant to law, under the supervision of a staff of doctors and with 24-hour-a-day nursing service by a registered graduate nurse (R.N.) or a licensed practical nurse (L.P.N.), and primarily engaged in providing acute inpatient care and treatment of sick and injured persons through medical, diagnostic and major surgical facilities, all of which must be provided on its premises or under its control.

In no event shall the term “hospital” include a skilled nursing facility, a convalescent nursing home, or any institution or part thereof which: a) is used principally as a convalescent facility, nursing facility, or facility for the aged; b) furnishes primarily domiciliary or custodial care, including training in the routines of daily living; or c) is operated as a school or residential treatment facility (except as listed in *Section 5(e). Mental health and substance use disorder benefits*).
- Residential Treatment Center —
 - 1) Is accredited by nationally recognized organizations.
 - 2) Is licensed by the state, district or territory to provide residential treatment for medical conditions, mental health conditions and/or substance use disorders.
 - 3) An accredited health care facility (excluding hospitals, skilled nursing facilities, group homes, halfway houses, and similar types of facilities) that provides 24 hour residential evaluation, treatment, and comprehensive specialized services relating to the individual's medical, physical, mental health, and/or substance use disorder therapy needs.
- Rehabilitation facility — an institution specifically engaged in the rehabilitation of persons suffering from alcoholism or drug addiction which meets all of these requirements:
 - 1) It is operated pursuant to law.
 - 2) It mainly provides services for persons receiving treatment for alcoholism or drug addiction. The services are provided for a fee from its patients, and include both: (a) room and board; and (b) 24-hour-a-day nursing service.

- 3) It provides the services under the full-time supervision of a doctor or registered graduate nurse (R.N.).
- 4) It keeps adequate patient records which include: (a) the course of treatment; and (b) the person's progress; and (c) discharge summary; and (d) follow-up programs.
- Skilled nursing facility — an institution or that part of an institution that provides skilled nursing care 24 hours a day and is classified as a skilled nursing care facility under Medicare.
- Managed In-Network providers — The Plan may approve coverage of providers who are not currently shown as Covered providers, to provide mental health/substance use disorder treatment under the managed In-Network benefit. Coverage of these providers is limited to circumstances where the Plan has approved the treatment plan.

• **Transitional care:**

Specialty care: If you have a chronic or disabling condition and

- lose access to your specialist because we drop out of the Federal Employees Health Benefits (FEHB) Program and you enroll in another FEHB Plan, or
- lose access to your PPO specialist because we terminate our contract with your specialist for reasons other than for cause,

you may be able to continue seeing your specialist and receiving any PPO benefits for up to 90 days after you receive notice of the change. Contact us or, if we drop out of the Program, contact your new plan.

If you are in the second or third trimester of pregnancy and you lose access to your specialist based on the above circumstances, you can continue to see your specialist and your PPO benefits continue until the end of your postpartum care, even if it is beyond the 90 days.

• **If you are hospitalized when your enrollment begins:**

We pay for covered services from the effective date of your enrollment. However, if you are in the hospital when your enrollment in our Plan begins, call our customer service department immediately at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155). If you are new to the FEHB Program, we will reimburse you for your covered services while you are in the hospital beginning on the effective date of your coverage.

If you changed from another FEHB plan to us, your former plan will pay for the hospital stay until:

- you are discharged, not merely moved to an alternative care center;
- the day your benefits from your former plan run out; or
- the 92nd day after you become a member of this Plan, whichever happens first.

These provisions apply only to the benefits of the hospitalized person. If your plan terminates participation in the FEHB in whole or in part, or if OPM orders an enrollment change, this continuation of coverage provision does not apply. In such cases, the hospitalized family member's benefits under the new plan begin on the effective date of enrollment.

You need prior Plan approval for certain services

The pre-service claim approval processes for inpatient hospital admissions (called precertification) and for other services, are detailed in this Section. A **pre-service claim** is any claim, in whole or in part, that requires approval from us in advance of obtaining medical care or services. In other words, a pre-service claim for benefits (1) requires precertification, prior approval or a referral and (2) will result in a reduction of benefits if you do not obtain precertification, prior approval or a referral.

"You must get prior approval for certain services. Failure to do so will result in a minimum \$500 penalty for inpatient hospital admissions or 20% penalty for all other services."

- **Inpatient hospital admission**

Precertification is the process by which – prior to your inpatient hospital admission – we evaluate the medical necessity of your proposed stay and the number of days required to treat your condition. Unless we are misled by the information given to us, we won't change our decision on medical necessity.

In most cases, your physician or hospital will take care of requesting precertification. Because you are still responsible for ensuring that your care is precertified, you should always ask your physician or hospital whether or not they have contacted us.

Warning:

We will reduce our benefits for the inpatient hospital stay by \$500 if no one contacts us for precertification. If the stay is not medically necessary, we will only pay for any covered medical services and supplies that are otherwise payable on an outpatient basis.

Exceptions:

You do not need precertification in these cases:

- You are admitted to a hospital outside the United States.
- You have another group health insurance policy that is the primary payor for the hospital stay.
- Medicare Part A is the primary payor for the hospital stay. Note: If you exhaust your Medicare hospital benefits and do not want to use your Medicare lifetime reserve days, then we will become the primary payor and you **do** need precertification.

- **Other services**

Certain services require prior authorization from us. You must obtain prior authorization for:

- Certain drugs; see Section 5(f) on page 72. Contact Express Scripts at 855-315-8527 for additional information and prior authorization.
- Select drugs that are excluded from the Plan's prescription drug formulary (visit www.SambaPlans.com/health-benefit-plan/ for a list of these drugs). Prior authorization for medical necessity is required for these excluded drugs. Contact Express Scripts at 855-315-8527. See *Section 5(f). Prescription drug benefits* for additional information.
- Surgical treatment of morbid obesity (bariatric surgery). Contact Cigna/CareAllies at 800-887-9735.
- Organ/tissue transplants. The prior authorization process for organ/tissue transplants is more extensive than the normal authorization process. Before your initial evaluation as a potential candidate for a transplant procedure, you or your doctor must contact the CareAllies Cigna LIFESOURCE Transplant Unit at 800-668-9682 to initiate the pretransplant evaluation. See Section 5(b) on page 60.
- Intensive outpatient program treatment, partial hospitalization, electroconvulsive therapy, and extended outpatient treatment visits (beyond 45-50 minutes) for mental health or substance use disorder treatment. Contact Cigna/CareAllies at 800-887-9735.
- Services for genetic testing. Call SAMBA at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155).
- Certain outpatient procedures, including services such as: skin removal or enhancement; treatment of varicose veins; and eye, ear, nose and throat procedures. Contact Cigna/CareAllies at 800-887-9735.
- Unlisted outpatient procedures. Contact Cigna/CareAllies at 800-887-9735.
- Certain musculoskeletal procedures, such as orthopedic surgeries and injections. Contact Cigna/CareAllies at 800-887-9735.
- Durable medical equipment. Call Cigna/CareAllies at 800-887-9735.
- Home infusion therapy. Contact Cigna/CareAllies at 800-887-9735.
- Home nursing care. Contact Cigna/CareAllies at 800-887-9735.
- Speech therapy. Contact Cigna/CareAllies at 800-887-9735.

- Outpatient spinal procedures. Call Cigna/CareAllies at 800-887-9735.
- Gender reassignment surgery to treat gender dysphoria supported by a qualified mental health professional. You must obtain prior authorization for the surgery *even if the proposed treatment is outside of the 50 United States.*

You, your representative, your doctor or facility must call Cigna/CareAllies at 800-887-9735 prior to services being rendered. See Section 5(b) on page 53.

Warning:

We will reduce our Plan allowance by 20% if no one contacts us for prior authorization for the listed "Other services." In addition, if the services are not medically necessary, we will not pay any benefits.

Exceptions:

You do not need precertification, prior authorization, or prior approval in these cases:

- If you have other group health insurance, including Medicare, that is the primary payer.
- The procedure is performed outside the United States, *except as noted above.*

• **Radiology/Imaging procedures**

The following outpatient radiology/imaging services require precertification.

- CT/CAT scan – Computed Tomography/Computerized Axial Tomography
- MRA – Magnetic Resonance Angiography
- MRI – Magnetic Resonance Imaging
- NC – Nuclear Cardiology Studies
- PET – Positron Emission Tomography

For these outpatient procedures, you, your representative, your doctor or facility must call Cigna/CareAllies at 800-887-9735 before scheduling the procedure. We will reduce our Plan allowance for these procedures by 20% if no one contacts us for precertification. If the procedure is not medically necessary, we will not pay any benefits. Refer to page 31 for additional information.

Exceptions:

You do not need precertification, prior authorization, or prior approval in these cases:

- If you have other group health insurance, including Medicare, that is the primary payer.
- The procedure is performed outside the United States.
- You are an inpatient in a hospital.

• **Applied Behavior Analysis (ABA) therapy**

Applied Behavior Analysis (ABA) therapy services for children up to age 18 diagnosed with autism spectrum disorder requires prior authorization.

You, your representative, your doctor or facility must call Cigna/CareAllies at 800-887-9735 prior to services being rendered.

Warning:

If prior authorization is not obtained, no benefits will be payable and claims for these services will be denied.

How to request precertification for an admission or get prior authorization for Other services

First, you, your representative, your physician, or your hospital must call Cigna/CareAllies at 800-887-9735 before admission or services requiring prior authorization are rendered.

Next, provide the following information:

- enrollee's name and Plan identification number;
- patient's name, birth date, identification number and phone number;
- reason for hospitalization, proposed treatment, or surgery;
- name and phone number of admitting doctor;
- name of hospital or facility; and
- number of days requested for hospital stay.

- **Non-urgent care claims**

For non-urgent care claims, we will tell the physician and/or hospital the number of approved inpatient days, or the care that we approve for other services that must have prior authorization. We will make our decision within 15 days of receipt of the pre-service claim.

If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you of the need for an extension of time before the end of the original 15-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

- **Urgent care claims**

If you have an **urgent care claim** (i.e., when waiting for the regular time limit for your medical care or treatment could seriously jeopardize your life, health, or ability to regain maximum function, or in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without this care or treatment), we will expedite our review and notify you of our decision within 72 hours. If you request that we review your claim as an urgent care claim, we will review the documentation you provide and decide whether or not it is an urgent care claim by applying the judgment of a prudent layperson that possesses an average knowledge of health and medicine.

If you fail to provide sufficient information, we will contact you within 24 hours after we receive the claim to let you know what information we need to complete our review of the claim. You will then have up to 48 hours to provide the required information. We will make our decision on the claim within 48 hours of (1) the time we received the additional information or (2) the end of the time frame, whichever is earlier.

We may provide our decision orally within these time frames, but we will follow up with written or electronic notification within three days of oral notification.

You may request that your urgent care claim on appeal be reviewed simultaneously by us and OPM. Please let us know that you would like a simultaneous review of your urgent care claim by OPM either in writing at the time you appeal our initial decision, or by calling us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155). You may also call OPM's FEHB 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time to ask for the simultaneous review. We will cooperate with OPM so they can quickly review your claim on appeal. In addition, if you did not indicate that your claim was a claim for urgent care, call us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155). If it is determined that your claim is an urgent care claim, we will expedite our review (if we have not yet responded to your claim).

- **Concurrent care claims**

A concurrent care claim involves care provided over a period of time or over a number of treatments. We will treat any reduction or termination of our pre-approved course of treatment before the end of the approved period of time or number of treatments as an appealable decision. This does not include reduction or termination due to benefit changes or if your enrollment ends. If we believe a reduction or termination is warranted, we will allow you sufficient time to appeal and obtain a decision from us before the reduction or termination takes effect.

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

- **Emergency inpatient admission**

If you have an emergency admission due to a condition that you reasonably believe puts your life in danger or could cause serious damage to bodily function, you, your representative, the physician, or the hospital must telephone us within two business days following the day of the emergency admission, even if you have been discharged from the hospital. If you do not telephone the Plan within two business days, penalties may apply — see *Warning under Inpatient hospital admissions* earlier in this Section and *If your hospital stay needs to be extended* on page 20.

- **Maternity care**

You do not need precertification of a maternity admission for a routine delivery. However, if your medical condition requires you to stay more than 48 hours after a vaginal delivery or 96 hours after a cesarean section, then you, your representative, your physician, or the hospital must contact us for precertification of additional days. Further, if your baby stays after you are discharged, you, your representative, your physician, or the hospital must contact us for precertification of additional days for your baby.

Note: When a newborn requires definitive treatment during or after the mother's confinement, the newborn is considered a patient in his or her own right. If the newborn is eligible for coverage, regular medical or surgical benefits apply rather than maternity benefits.

- **If your hospital stay needs to be extended**

If your hospital stay – including for maternity care – needs to be extended, you, your representative, your doctor, or the hospital must ask us to approve the additional days. If you remain in the hospital beyond the number of days we approved and did not get the additional days precertified, then:

- for the part of the admission that was medically necessary, we will pay inpatient benefits, but
- for the part of the admission that was not medically necessary, we will pay only medical services and supplies otherwise payable on an outpatient basis and will not pay inpatient benefits.

- **If your treatment needs to be extended**

If you request an extension of an ongoing course of treatment at least 24 hours prior to the expiration of the approved time period and this is also an urgent care claim, we will make a decision within 24 hours after we receive the claim.

If you disagree with our pre-service claim decision

If you have a **pre-service claim** and you do not agree with our decision regarding precertification of an inpatient admission or prior approval of other services, you may request a review in accord with the procedures detailed below.

If you have already received the service, supply, or treatment, then you have a **post-service claim** and must follow the entire disputed claims process detailed in Section 8.

- **To reconsider a non-urgent care claim**

Within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

In the case of a pre-service claim and subject to a request for additional information, we have 30 days from the date we receive your written request for reconsideration to:

1. Precertify your hospital stay or, if applicable, arrange for the health care provider to give you the care or grant your request for prior approval for a service, drug, or supply; or
2. Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days, we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

3. Write to you and maintain our denial.

- **To reconsider an urgent care claim**

In the case of an appeal of a pre-service urgent care claim, within 6 months of our initial decision, you may ask us in writing to reconsider our initial decision. Follow Step 1 of the disputed claims process detailed in Section 8 of this brochure.

Unless we request additional information, we will notify you of our decision within 72 hours after receipt of your reconsideration request. We will expedite the review process, which allows oral or written requests for appeals and the exchange of information by telephone, electronic mail, facsimile, or other expeditious methods.

- **To file an appeal with OPM**

After we reconsider your **pre-service claim**, if you do not agree with our decision, you may ask OPM to review it by following Step 3 of the disputed claims process detailed in Section 8 of this brochure.

Section 4. Your Costs for Covered Services

This is what you will pay out-of-pocket for your covered care:

Cost-Sharing

Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.

Copayment

A copayment is a fixed amount of money you pay to the provider, facility, pharmacy, etc., when you receive certain services.

Example: When you see your PPO physician you pay a copayment of \$25 per visit under the High Option or \$30 per visit under the Standard Option.

Note: If the billed amount (or the Plan allowance that providers we contract with have agreed to accept as payment in full) is less than your copayment, you pay the lower amount.

Other separate copayments include, but are not limited to:

- High Option inpatient hospital confinement; PPO: \$200 per confinement; Non-PPO: \$300 per confinement
- Standard Option inpatient hospital confinement; PPO: \$200 per confinement; Non-PPO: \$400 per confinement

Deductible

A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for them. Copayments and coinsurance amounts do not count toward any deductible. When a covered service or supply is subject to a deductible, only the Plan allowance for the service or supply counts toward the deductible. Covered expenses are applied to the deductible in the order in which they are processed, which may differ from when services were actually rendered.

- The High Option PPO and Non-PPO calendar year deductibles are as follows:
 - PPO: \$350 per person, limited to \$700 for a Self Plus One or a Self and Family enrollment. The PPO deductible applies only to services received from PPO providers.
 - Non-PPO: \$350 per person, limited to \$700 for a Self Plus One or a Self and Family enrollment. The Non-PPO deductible applies only to services received from Non-PPO providers.

The calendar year deductible will not exceed the per person limit for any covered individual. Under a Self and Family enrollment, the deductible is satisfied for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$700.

- The Standard Option PPO and Non-PPO calendar year deductibles are as follows:
 - PPO: \$350 per person, limited to \$700 for a Self Plus One or \$900 for a Self and Family enrollment. The PPO deductible applies only to services received from PPO providers.
 - Non-PPO: \$350 per person, limited to \$700 for a Self Plus One or \$900 for a Self and Family enrollment. The Non-PPO deductible applies only to services received from Non-PPO providers.

The calendar year deductible will not exceed the per person limit for any covered individual. Under a Self and Family enrollment, the deductible is satisfied for all family members when the combined covered expenses applied to the calendar year deductible for family members reach \$900.

If the billed amount (or Plan allowance that providers we contract with have agreed to accept as payment in full) is less than the remaining portion of your deductible, you pay the lower amount.

Example: If the billed amount is \$100, the provider has an agreement with us to accept \$80, and you have not paid any amount toward meeting your calendar year deductible, you must pay \$80. We will apply \$80 to your deductible. We will begin paying benefits once the remaining portion of your calendar year deductible (\$270) has been satisfied.

Note: If you change plans during Open Season and the effective date of your new plan is after January 1 of the next year, you do not have to start a new deductible under your old plan between January 1 and the effective date of your new plan. If you change plans at another time during the year, you must begin a new deductible under your new plan.

If you change options in this Plan during the year, we will credit the amount of covered expenses already applied toward the deductible of your old option to the deductible of your new option.

Coinsurance

Coinsurance is the percentage of our allowance that you must pay for your care. In most cases, coinsurance does not begin until you have met your calendar year deductible.

Example: You pay 15% of the Plan allowance for in-network surgical services under High Option or 20% of the Plan allowance under Standard Option.

If your provider routinely waives your cost

If your provider routinely waives (does not require you to pay) your copayments, deductibles, or coinsurance, the provider is misstating the fee and may be violating the law. In this case, when we calculate our share, we will reduce the provider's fee by the amount waived.

For example, if your physician ordinarily charges \$100 for a service but routinely waives your 35% High Option out-of-network coinsurance, the actual charge is \$65. We will pay \$42.25 (65% of the actual charge of \$65).

Waivers

In some instances, a provider may ask you to sign a "waiver" prior to receiving care. This waiver may state that you accept responsibility for the total charge for any care that is not covered by your health plan. If you sign such a waiver, whether or not you are responsible for the total charge depends on the contracts that the Plan has with its providers. If you are asked to sign this type of waiver, please be aware that, if benefits are denied for the services, you could be legally liable for the related expenses. If you would like more information about waivers, please contact us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155).

Differences between our allowance and the bill

Our "Plan allowance" is the amount we use to calculate our payment for covered services. Fee-for-service plans arrive at their allowances in different ways, so their allowances vary. For more information about how we determine our Plan allowance, see the definition of Plan allowance in Section 10.

Often, the provider's bill is more than a fee-for-service plan's allowance. Whether or not you have to pay the difference between our allowance and the bill will depend on the provider you use.

- **PPO providers** agree to limit what they will bill you. Because of that, when you use a preferred provider, your share of covered charges consists only of your deductible and coinsurance or copayment. Here is an example about coinsurance: You see a PPO surgeon who charges \$150, but our allowance is \$100. If you have met your deductible, you are only responsible for your coinsurance. That is, under High Option, you pay just 15% of our \$100 allowance (\$15). Because of the agreement, your PPO physician will not bill you for the \$50 difference between our allowance and his/her bill.
- **Non-PPO providers**, on the other hand, have no agreement to limit what they will bill you. When you use a Non-PPO provider, you will pay your deductible and coinsurance – **plus** any difference between our allowance and charges on the bill. Here is an example: You see a Non-PPO physician who charges \$150 and our allowance is again \$100. Because you've met your deductible, you are responsible for your coinsurance, so under High Option, you pay 35% of our \$100 allowance (\$35). Plus, because there is no agreement between the Non-PPO physician and us, the physician can bill you for the \$50 difference between our allowance and his/her bill.

The following table illustrates the examples of how much you have to pay out-of-pocket under High Option for services from a PPO physician and a Non-PPO physician. The table uses our example of a service for which the physician charges \$150 and our allowance is \$100. The table shows the amount you pay if you have met your calendar year deductible.

EXAMPLE	PPO provider	Non-PPO provider
Surgical charge	\$150	\$150
Our allowance	We set it at: 100	We set it at: 100
We pay	85% of our allowance: 85	65% of our allowance: 65
You owe: Coinsurance	15% of our allowance: 15	35% of our allowance: 35
+Difference up to charge?	No: 0	Yes: 50
TOTAL YOU PAY	\$15	\$85

Your catastrophic protection out-of-pocket maximum for deductibles, coinsurance, and copayments

For those services with cost-sharing, we pay 100% of the plan allowance for the remainder of the calendar year after out-of-pocket expenses for you and your covered family members for the expenses listed below in that calendar year exceed:

High Option:

- PPO: \$6,000 for one person or \$12,000 for you and any covered family members when PPO providers are used. Only eligible out-of-pocket expenses from PPO providers and in-network pharmacies count toward this limit.
- Non-PPO: \$9,500 for one person or \$19,000 for you and any covered family members. Only eligible expenses from Non-PPO providers and out-of-network pharmacies count toward this limit.

Standard Option:

- PPO: \$7,000 for one person or \$14,000 for you and any covered family members when PPO providers are used. Only eligible out-of-pocket expenses from PPO providers and in-network pharmacies count toward this limit.
- Non-PPO: \$9,500 for one person or \$19,000 for you and any covered family members. Only eligible expenses from Non-PPO providers and out-of-network pharmacies count toward this limit.

High Option:

Out-of-pocket expenses for the purposes of this benefit are the:

- \$350 per person (\$700 per Self Plus One or Self and Family enrollment) PPO calendar year deductible;
- \$350 per person (\$700 per Self Plus One or Self and Family enrollment) Non-PPO calendar year deductible;
- \$200 PPO and \$300 Non-PPO per inpatient hospital confinement copayment;
- \$25 office visit copayment under PPO benefits;
- \$10 telehealth service copayment under PPO benefits;
- \$10 retail and \$15 mail order generic per prescription copayments; and
- coinsurance you pay for:
 - Medical services and supplies provided by physicians and other health care professionals;
 - Surgical and anesthesia services provided by physicians and other health care professionals;
 - Services provided by a hospital or other facility, and ambulance services;
 - Emergency services/accidents (after 24 hours);
 - Mental health and substance use disorder benefits; and
 - In-network preferred and non-preferred brand name prescription drugs.

The following cannot be counted toward High Option out-of-pocket expenses:

- expenses in excess of the Plan allowance or maximum benefit limitations;
- amounts you pay for non-compliance with this Plan's prior authorization requirements; and
- the cost difference between a brand name drug and its generic equivalent.

Standard Option:

Out-of-pocket expenses for the purposes of this benefit are the:

- \$350 per person (\$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) PPO calendar year deductible;
- \$350 per person (\$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) Non-PPO calendar year deductible;
- \$200 PPO and \$400 Non-PPO per inpatient hospital confinement copayment;
- \$30 office visit copayment under PPO benefits;
- \$15 telehealth service copayment under PPO benefits;
- \$12 retail and \$20 mail order generic per prescription copayments; and
- coinsurance you pay for:
 - Medical services and supplies provided by physicians and other health care professionals;
 - Surgical and anesthesia services provided by physicians and other health care professionals;
 - Services provided by a hospital or other facility, and ambulance services;
 - Emergency services/accidents (after 24 hours);
 - Mental health and substance use disorder benefits; and
 - In-network preferred and non-preferred brand name prescription drugs.

The following cannot be counted toward Standard Option out-of-pocket expenses:

- expenses in excess of the Plan allowance or maximum benefit limitations;
- amounts you pay for non-compliance with this Plan's prior authorization requirements; and
- the cost difference between a name brand drug and its generic equivalent.

Carryover

If you changed to this Plan during open season from a plan with a catastrophic protection benefit and the effective date of the change was after January 1, any expenses that would have applied to that plan's catastrophic protection benefit during the prior year will be covered by your old plan if they are for care you received in January before your effective date of coverage in this Plan. If you have already met your old plan's catastrophic protection benefit level in full, it will continue to apply until the effective date of your coverage in this Plan. If you have not met this expense level in full, your old plan will first apply your covered out-of-pocket expenses until the prior year's catastrophic level is reached and then apply the catastrophic protection benefit to covered out-of-pocket expenses incurred from that point until the effective date of your coverage in this Plan. Your old plan will pay these covered expenses according to this year's benefits; benefit changes are effective January 1.

Note: If you change options in this Plan during the year, we will credit the amount of covered expenses already accumulated toward the catastrophic out-of-pocket limit of your old option to the catastrophic protection limit of your new option.

If we overpay you

We will make diligent efforts to recover benefit payments we made in error but in good faith. We may reduce subsequent benefit payments to offset overpayments.

Note: We will generally first seek recovery from the provider if we paid the provider directly, or from the person (covered family member, guardian, custodial parent, etc.) to whom we sent our payment.

When Government facilities bill us

Facilities of the Department of Veterans Affairs, the Department of Defense, and the Indian Health Service are entitled to seek reimbursement from us for certain services and supplies they provide to you or a family member. They may not seek more than their governing laws allow. You may be responsible to pay for certain services and charges. Contact the government facility directly for more information.

High and Standard Option Benefits

See page 13 for how our benefits changed this year. Page 116 and page 117 are a benefits summary of each option. Make sure that you review the benefits that are available under the option in which you are enrolled.

Summary of Benefits for the High Option of the SAMBA Health Benefit Plan – 2019	116
Summary of Benefits for the Standard Option of the SAMBA Health Benefit Plan – 2019	117

High and Standard Option Overview

This Plan offers both a High and Standard Option. Both benefit packages are described in Section 5. Make sure that you review the benefits that are available under the option in which you are enrolled.

The High and Standard Option Section 5 is divided into subsections. Please read *Important things you should keep in mind* at the beginning of the subsections. Also read the *general exclusions* in Section 6; they apply to the benefits in the following subsections. To obtain claim forms, claims filing advice, or more information about High and Standard Option benefits, contact us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or on our website at www.SambaPlans.com.

Each option offers unique features.

- **High Option**

- Extensive PPO network
- No referral needed to see a specialist
- \$25 per office visit copayment when PPO providers are used
- \$10 copayment for generic drugs purchased at a retail pharmacy
- \$15 copayment for generic drugs purchased through the Mail Order Program
- 100% coverage for room and board and 85% for other hospital charges after the \$200 per confinement copayment when a PPO facility is used
- 65% of the Plan allowance for most eligible out-of-network expenses

- **Standard Option**

- Extensive PPO network
- Affordable premiums
- No referral needed to see a specialist
- \$30 per office visit copayment when PPO providers are used
- \$12 copayment for generic drugs purchased at a retail pharmacy
- \$20 copayment for generic drugs purchased through the Mail Order Program
- 100% coverage for room and board and 80% for other hospital charges after the \$200 per confinement copayment when a PPO facility is used
- 55% of the Plan allowance for most eligible out-of-network expenses

**Section 5(a). Medical Services and Supplies Provided by Physicians
and Other Health Care Professionals**

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - The High Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of Non-PPO providers.
 - The Standard Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of Non-PPO providers.
- The Non-PPO benefits are the regular benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, Non-PPO benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRIOR AUTHORIZATION FOR SOME SERVICES. Please refer to *Other services in Section 3 to be sure which services require prior authorization.***

Benefit Description	You Pay After the calendar year deductible...
---------------------	--

Note: The calendar year deductible applies to almost all benefits in the Section.
We say “(No deductible)” when it does not apply.

Diagnostic and treatment services	High Option	Standard Option
Professional services of physicians <ul style="list-style-type: none"> • Office visits and consultations, including second surgical opinion • Visits and consultation services provided in a convenient care clinic or an urgent care center Note: We cover one routine physical exam and one routine gynecologic exam (for women age 18 or over), per person, per calendar year; see <i>Preventive care, adult</i> on pages 33 and 34.	PPO: \$25 copayment per office visit (No deductible) Non-PPO: 35% of the Plan allowance and any difference between our allowance and the billed amount	PPO: \$30 copayment per office visit (No deductible) Non-PPO: 45% of the Plan allowance and any difference between our allowance and the billed amount
<ul style="list-style-type: none"> • Same day services performed and billed by the doctor in conjunction with the office visit Note: Specialty drugs purchased from and billed by the doctor, home health agency, or outpatient facility are covered under <i>Specialty drugs</i> ; see page 41.	PPO: 15% of the Plan allowance Non-PPO: 35% of the Plan allowance and any difference between our allowance and the billed amount	PPO: 20% of the Plan allowance Non-PPO: 45% of the Plan allowance and any difference between our allowance and the billed amount

Section 5(b). Surgical and Anesthesia Services Provided by Physicians and Other Health Care Professionals

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - The High Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of Non-PPO providers.
 - The Standard Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of Non-PPO providers.
- The Non-PPO benefits are the regular benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, Non-PPO benefits apply.
- If you use a PPO facility, we pay PPO benefits if you receive treatment from a radiologist, pathologist, anesthesiologist, assistant surgeon, or emergency room physician who is not a PPO provider.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- The services listed below are for the charges billed by a physician or other health care professional for your surgical care. See Section 5(c) for charges associated with the facility (i.e. hospital, surgical center, etc.).
- **YOU MUST GET PRIOR AUTHORIZATION FOR SOME SURGICAL PROCEDURES. Please refer to *Other services* in Section 3 to be sure which services require prior authorization.**

Benefit Description	You Pay After the calendar year deductible...
---------------------	--

Note: The calendar year deductible applies to almost all benefits in the Section.
We say “(No deductible)” when it does not apply.

Surgical procedures	High Option	Standard Option
A comprehensive range of services, such as: <ul style="list-style-type: none"> • Operative procedures • Treatment of fractures, including casting • Normal pre- and post-operative care by the surgeon • Correction of amblyopia and strabismus • Endoscopy procedures • Biopsy procedures • Removal of tumors and cysts Note: Prior authorization is required for outpatient spinal surgeries. Section 5(c). Services Provided by a Hospital or Other Facility, and Ambulance Services

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- In this Section, unlike Sections 5(a) and 5(b), the calendar year deductible applies to only a few benefits. We added “(calendar year deductible applies)”.
 - The High Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of Non-PPO providers.
 - The Standard Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of Non-PPO providers.
- The Non-PPO benefits are the regular benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, Non-PPO benefits apply.
- If you use a PPO facility, we pay PPO benefits if you receive treatment from a radiologist, pathologist, anesthesiologist, assistant surgeon, or emergency room physician who is not a PPO provider.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- The amounts listed below are for the charges billed by the facility (i.e. hospital or surgical center) or ambulance service for your surgery or care. Any costs associated with the professional charge (i.e. physicians, etc.) are in Sections 5(a) or (b).
- When you receive hospital observation services, we apply outpatient benefits to covered services up to 48 hours. Inpatient benefits will apply only when your physician formally admits you to the hospital as an inpatient. It is your responsibility to ensure that we are contacted for precertification if you are admitted as an inpatient. Please refer to the precertification information shown in Section 3.
- **YOU MUST GET PRECERTIFICATION FOR HOSPITAL STAYS; FAILURE TO DO SO WILL RESULT IN A MINIMUM \$500 PENALTY.** Please refer to the precertification information shown in Section 3 to be sure which services require precertification.

Section 5(d). Emergency Services/Accidents

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - The High Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of Non-PPO providers.
 - The Standard Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of Non-PPO providers.
- The Non-PPO benefits are the regular benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, Non-PPO benefits apply.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.

What is an accidental injury?

An accidental injury is a bodily injury sustained solely through violent, external, and accidental means, such as broken bones, animal bites, and poisonings. See Section 5(g) for dental care for accidental injury.

What is an emergency medical condition?

An emergency medical condition is a medical condition so severe that a prudent layperson could reasonably expect that the lack of immediate medical attention would result in (a) placing the patient's health in serious jeopardy, (b) seriously impairing the patient's physical or mental functions, or (c) seriously impairing any of the patient's bodily organs or parts.

Benefit Description	You Pay After the calendar year deductible...	
Note: The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” when it does not apply.		
Accidental injury	High Option	Standard Option
If you receive care for your accidental injury within 24 hours, we cover: <ul style="list-style-type: none"> • All medically necessary physician services and supplies • Related hospital services Note: Services received after 24 hours are considered the same as any other illness and regular Plan benefits will apply.	PPO: Nothing (No deductible) Non-PPO: Only the difference between our allowance and the billed amount. (No deductible)	PPO: Nothing (No deductible) Non-PPO: Only the difference between our allowance and the billed amount. (No deductible)

High and Standard Option

Medical emergency	You pay	
	High Option	Standard Option
<p>If you receive outpatient care for your medical emergency in a hospital emergency room, we cover:</p> <ul style="list-style-type: none"> • Non-surgical physician services and supplies • Related outpatient hospital services • Observation room • Surgery and related services <p>Note: We pay inpatient hospital benefits if you are admitted. <p>If you receive care for your medical emergency in other than an outpatient hospital emergency room, we cover:</p> <ul style="list-style-type: none"> • Non-surgical physician services and supplies • Surgery and related services • Other related outpatient services 	<p>PPO: 15% of the Plan allowance</p> <p>Non-PPO: 35% of the Plan allowance and any difference between our allowance and the billed amount</p>	<p>PPO: 20% of the Plan allowance</p> <p>Non-PPO: 45% of the Plan allowance and any difference between our allowance and the billed amount</p>
Ambulance – accidental injury		
<p>We pay 100% of covered ambulance services when services are rendered within 24 hours of your accidental injury for the following:</p> <ul style="list-style-type: none"> • Local professional ambulance service (within 100 miles) to the first hospital equipped to treat your condition • All other local ambulance service when medically appropriate • Air ambulance to nearest facility where necessary treatment is available if no emergency ground transportation is available or suitable and the patient's condition warrants immediate evacuation 	<p>PPO: Nothing (No deductible)</p> <p>Non-PPO: Only the difference between our allowance and the billed amount (No deductible)</p>	<p>PPO: Nothing (No deductible)</p> <p>Non-PPO: Only the difference between our allowance and the billed amount (No deductible)</p>
Ambulance – non-accidental injury		
<ul style="list-style-type: none"> • Local professional ambulance service (within 100 miles) to the first hospital equipped to treat your condition • All other local ambulance service when medically appropriate • Air ambulance to nearest facility where necessary treatment is available if no emergency ground transportation is available or suitable and the patient's condition warrants immediate evacuation 	<p>PPO: 15% of the Plan allowance (calendar year deductible applies)</p> <p>Non-PPO: 35% of the Plan allowance and any difference between our allowance and the billed amount (calendar year deductible applies)</p>	<p>PPO: 20% of the Plan allowance (calendar year deductible applies)</p> <p>Non-PPO: 45% of the Plan allowance and any difference between our allowance and the billed amount (calendar year deductible applies)</p>

Section 5(e). Mental Health and Substance Use Disorder Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - The High Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of Non-PPO providers.
 - The Standard Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of Non-PPO providers.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- **YOU MUST GET PRIOR AUTHORIZATION FOR CERTAIN SERVICES.** To be eligible to receive full benefits, you must follow the prior authorization process:
 - The medical necessity of your admission to a hospital or other covered facility (such as a residential treatment center) must be authorized prior to admission. Emergency admissions must be reported within two business days following the day of admission even if you have been discharged. Otherwise, benefits will be reduced by \$500. See Section 3 for details.
 - Intensive outpatient program treatment, partial hospitalization, electroconvulsive therapy, and extended outpatient treatment visits (beyond 45-50 minutes) require prior authorization to be eligible for full benefits. Benefits are payable only when we determine that the care is clinically appropriate to treat your condition.
 - To obtain prior authorization call Cigna/CareAllies at 800-887-9735.

Benefit Description	You Pay After the calendar year deductible...	
Note: The calendar year deductible applies to almost all benefits in this Section. We say “(No deductible)” when it does not apply.		
Professional services	High Option	Standard Option
We cover professional services by licensed professional mental health and substance use disorder treatment practitioners when acting within the scope of their license, such as psychiatrists, psychologists, clinical social workers, licensed professional counselors, or marriage and family therapists.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.	Your cost-sharing responsibilities are no greater than for other illnesses or conditions.

Section 5(f). Prescription Drug Benefits

Important things you should keep in mind about these benefits:

- We cover prescribed drugs and medications as described in the chart beginning on page 78.
- Please remember that all benefits are subject to the definitions, limitations and exclusions in this brochure and are payable only when we determine they are medically necessary.
- Certain prescription drugs and supplies require prior authorization by Express Scripts, such as specialty drugs that are used to treat chronic complex conditions including, but not limited to, hemophilia, immune deficiency, growth hormone deficiencies, rheumatoid arthritis and multiple sclerosis. Call Express Scripts at 855-315-8527 for more information.
- Members must make sure their physicians obtain prior approval/authorization for certain prescription drugs and supplies before attempting to fill the prescription. Prior approval/authorizations must be renewed periodically.
- Federal law prevents the pharmacy from accepting unused medications.
- **The calendar year deductible does not apply to prescription drugs from retail or mail order pharmacies.**
- Each new enrollee will receive a description of our prescription drug program, a prescription drug identification card, a mail order form/patient profile, and a preaddressed reply envelope.
- The Non-PPO benefits are the regular benefits of this Plan. PPO benefits apply only when you use a PPO provider. When no PPO provider is available, Non-PPO benefits apply.
- We do not honor or coordinate benefits with drug coupon/copay cards. You are responsible for your copay or coinsurance as indicated in this brochure.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.

There are important features you should be aware of. These include:

- **Who can write your prescription.** A U. S. licensed physician or dentist, and in states allowing it, licensed or certified Physician Assistant, Nurse Practitioner and Psychologist must prescribe your medication.
- **Where you can obtain them.** You may fill the prescription at a participating Express Scripts network pharmacy, a non-network pharmacy, the Express Scripts Mail Service, or the Express Scripts Specialty Pharmacy. To receive the Plan’s maximum benefit, you must fill the prescription at a participating Express Scripts network pharmacy, through the Express Scripts Mail Service for maintenance medications, or through an Express Scripts Specialty Pharmacy for specialty drugs.
- **We use a formulary.** Our formulary is the National Preferred Formulary through Express Scripts. The formulary identifies cost-effective medications that have been selected for their clinical effectiveness. By asking your doctor to prescribe formulary medications, you can help reduce your costs while maintaining high quality care. There are safe, proven medication alternatives in each therapy class that are covered on the formulary. Some drugs are excluded from the formulary and coverage. Visit www.SambaPlans.com/health-benefit-plan/ for a list of excluded medications. This list is not all inclusive and there may be changes to the list during the year. A formulary exception process is available to physicians if they feel the formulary alternatives are not appropriate. Your doctor may request a clinical exception by calling 855-315-8527.

Your copayment or coinsurance amounts are less for drugs listed on the formulary than those that are not.

Our payment levels are categorized as:

- Tier 1: generic drugs
- Tier 2: formulary or preferred brand name drugs
- Tier 3: non-formulary or non-preferred brand name drugs
- Tier 4: generic/preferred specialty drugs
- Tier 5: non-preferred specialty drugs

Prescription drug benefits – continued on next page

Prescription drugs (*continued*)

- **Generic drugs** or generic equivalents are medications that have the same active ingredients, and provide the same clinical benefits as their brand-name counterparts. Generic equivalents become available when a brand name drug patent expires. They may look different than their corresponding brand name drugs in size, shape or color, but they meet the same U.S. Food and Drug Administration standards for safety, purity and potency.
- **Single source brand drugs** are brand name drugs that do not have a generic equivalent which are marketed under a registered trade name or trademark and are available from only one manufacturer. These products are generally patent-protected for a period of time.
- **Multisource brand drugs** are brand name drugs which are distributed by more than one manufacturer and which also may have a generic drug counterpart available.
- **Specialty drugs**, including biotech drugs, require special handling and close monitoring and are used to treat chronic complex conditions including, but not limited to: hemophilia, immune deficiency, growth hormone deficiencies, multiple sclerosis, Crohn's disease, hepatitis C, HIV, hormonal disorders, rheumatoid arthritis, and pulmonary disorders. These drugs require prior authorization.

You are required to obtain all specialty drugs used for long term therapy (chronic specialty drugs) from Accredo (home delivery), your exclusive Specialty Pharmacy. The plan will allow two fills at retail for specialty drugs used for short term therapy for the treatment of an acute condition. You will be responsible for the full cost of any short term therapy (acute) specialty drugs after two retail fills and any long term therapy (chronic) specialty drugs purchased at a pharmacy other than Accredo. Note: This does not apply to specialty medications you purchase from a retail pharmacy outside the 50 United States. You file a claim for them as you would for other medications purchased in this manner.

Express Scripts can advise you if your prescription is required to be obtained from Accredo and cannot be obtained from a retail pharmacy. Your physician can fax your prescription directly to Accredo at 800-391-9707 or you can mail your prescription to: Express Scripts, P. O. Box 66567, St. Louis, MO 63166-6567.

Call Express Scripts at 855-315-8527 for prior authorization and if you have any questions regarding quantity limits or other issues related to their Specialty Pharmacy services.

- **Compound Medications** are made when a licensed pharmacist combines or mixes multiple ingredients to meet a doctor's request. The U.S. Food and Drug Administration (FDA) does not verify the quality, safety and/or effectiveness of compound medications. While they may be used if an FDA approved commercially available drug does not work, compound medications have ingredients that can often cost more but are not necessarily more effective than similar FDA-approved medications.

Compounded prescriptions are not FDA approved and not covered by the Plan. Investigational drugs are not FDA approved; therefore, if the compound includes an investigational drug, the compound will not be covered. Your doctor must call Express Scripts Member Services at 855-315-8527 to determine if the compound medication is covered. If coverage is not approved, you will be responsible for the full cost of the compound medication. Ask your doctor to prescribe FDA approved manufactured products for your condition.

- **These are the Dispensing Limitations**

- **High Option and Standard Option Retail:** You may only obtain a 30-day supply and one refill through the Express Scripts system available at most pharmacies. Note: If you remain on a medication longer than 60 days (i.e., initial fill plus one refill), you must obtain subsequent refills through the Express Scripts Mail Service or through the Smart90® Program as described below. If you continue to use the retail pharmacy after the second fill, you will pay the entire cost of the medication. This limit does not apply to medications not available through the Express Scripts Mail Service. Call 855-315-8527 to locate a participating Express Scripts network pharmacy in your area.
- **High Option and Standard Option Mail Order:** You may purchase up to a 90-day supply of covered drugs or supplies through the Express Scripts Mail Service. You order your prescription or refill by mail from the Express Scripts Mail Service. The Express Scripts Mail Service will fill your prescription.

Prescription drug benefits – continued on next page

Prescription drugs (*continued*)

Note: Not all drugs may be available through the Express Scripts Mail Service. Any drug which cannot be dispensed in accordance with the Express Scripts Mail Service dispensing protocols or which requires special record-keeping procedures may be excluded. However, these excluded drugs are covered under the retail prescription drug program.

- **High Option and Standard Option Specialty Drugs:** You are required to obtain all specialty drugs used for long term therapy (chronic specialty drugs) from Accredo (home delivery), your exclusive Specialty Pharmacy. The plan will allow two fills of short term therapy (acute specialty drugs) at a retail pharmacy. You will be responsible for the full cost of any short term therapy (acute) specialty drugs after two fills and any long term therapy (chronic) specialty drugs purchased at a pharmacy other than Accredo.
- **Smart90® Program:** Maintenance and long-term medications are taken regularly for chronic conditions or long-term therapy. Examples include medications for managing high blood pressure, diabetes, or high cholesterol. Through Express Scripts Smart90® Program, you may purchase up to a 90-day supply of these covered long-term maintenance prescription drugs and supplies at select participating retail pharmacies. Visit www.express-scripts.com or call 855-315-8527 to locate a Smart90® participating pharmacy in your area. You will pay the applicable mail order copayment for each prescription purchased.

If your physician prescribes a new medication that will be taken over an extended period of time and you prefer to receive maintenance medication through the mail, you should request two prescriptions – one to be used for the participating Express Scripts network pharmacy and the other for Express Scripts Mail Service. You may obtain up to a 30-day supply right away through the prescription card program, and up to a 90-day supply from the Express Scripts Mail Service. In addition, you may utilize the Smart90® Program (see above) for your maintenance medications and receive a 90-day supply from select participating pharmacies. In most cases, refills cannot be obtained until 75% of the prescription has been used. Call us or visit our website if you have any questions about dispensing limits.

The Plan will authorize up to a 90-day supply of medication(s) if you should be called to active military duty or a 30-day supply to meet your needs in time of a national emergency.

Benefits for all prescription drugs will be determined based on the fill date of the prescription.

All matters pertaining to the dispensing of covered drugs or the practice of pharmacy in general are subject to the professional judgement of the dispensing pharmacist subject to applicable pharmacy laws.

A generic equivalent will be dispensed if it is available, unless your physician specifically requires a brand name. If you receive a brand name drug when a Federally-approved generic drug is available, you have to pay the difference in cost between the brand name drug and the generic plus the generic copay.

- **Why use generic drugs?** Generic drugs are lower-priced drugs that are the therapeutic equivalent to more expensive brand name drugs. They must contain the same active ingredients and must be equivalent in strength and dosage to the original brand name product. Generics cost less than the equivalent brand name product. The U.S. Food and Drug Administration sets quality standards for generic drugs to ensure that these drugs meet the same standards of quality and strength as brand name drugs.

You and your doctor have the option to request a brand name drug even if a generic equivalent is available. However, you will be responsible for the difference in cost between the brand name drug and the generic even when the physician indicates “dispense as written” (DAW). Using the most cost-effective medication saves money.

- **Patient Safety, Economy and Effectiveness Programs**

SAMBA has several programs to promote patient safety, economic and efficacious pharmacy management. These programs work to ensure that safe and appropriate quantities of medication are being dispensed. The result is improved care and safety for our members. These programs include:

- **Quantity allowances.** Specific allowances are in place for certain medications, based on FDA-approved prescribing and safety information and clinical guidelines. These include but are not limited to quantity limits and refills.

Prescription drug benefits – continued on next page

Prescription drugs (*continued*)

- **Drug Utilization Review (DUR).** When you fill your prescription at a network pharmacy or through the mail order drug program, we and/or the pharmacist may electronically access information about prior prescriptions, checking for harmful drug interactions, drug duplication, excessive use, and the frequency of refills. DUR helps protect against potentially dangerous drug interactions or inappropriate use. When appropriate, your pharmacist(s) and/or Express Scripts may contact your physician(s) to discuss an alternative drug or treatment option, prescription drug compliance, and the best and most cost-effective use of services. In addition, we may perform a periodic review of prescriptions to help ensure your safety and to provide health education and support. Upon review, we may contact you or your provider(s) to discuss your current medical situation and may offer assistance in coordinating care and treatment.
- **Opioid Management Program:** This program is focused on significantly reducing unnecessary prescribing, dispensing and use of opioids. The program is designed to lower risk at each touchpoint of the care continuum – including prescribers, pharmacies and patients. The Opioid Management Program is intended to accomplish the following:
 - Prevent excess opioid medications from being dispensed by limiting first fill of short-acting opioids to a 7-day supply.
 - Encourage safe starts of long-acting opioids through enhanced prior authorization whenever a long-acting opioid is not in the member’s claim history.
 - Ensure doses across all opioids are safe and medically necessary.

Specially trained pharmacists will contact patients when they fill: (a) two or more different short-acting opioids within a 30-day period, (b) two or more long-acting opioids within a 21-day period from two or more prescribers, or (c) a combination of three or more different opioids.

- **RationalMed Program:** This program improves clinical quality through early risk detection and intervention. By review and analysis of integrated pharmacy and medical data, the program helps identify and resolve potential safety issues that increase risk of hospitalizations and adverse events. Once identified, concerns are brought to the attention of the physician.
- **Prior authorization:** Prior authorization must be obtained for certain prescription drugs and supplies to assess appropriate therapy and drug dosage before providing benefits. In addition to those drugs listed on pages 72 and 73, other medications that require prior authorization include, but are not limited to, anabolic steroids, narcolepsy drugs, topical acne medications, testosterone products, and select pain medications.
- **SafeGuard Rx Program:** This suite of solutions target specific chronic therapeutic conditions. The specific programs achieve better outcomes by focusing on adherence and improving care with an emphasis on ensuring members receive appropriate therapy and specialized care for their condition. Medications used to treat high cholesterol, diabetes, asthma/COPD, and multiple sclerosis are examples of targeted therapies.
- **Step Therapy:** Ensures that a generic alternative or brand alternative within a therapeutic category is used as a first-line treatment, before the use of a similar but more expensive drug. Specific therapeutic categories are identified as appropriate for preferred drug step therapy.

The Plan requires the Step Therapy program for Colchicine, Cox-2 inhibitors, Hypnotics, Nasal Steroids, Nonsteroidal Anti-inflammatory drugs, Ophthalmic antiallergy, Proton Pump Inhibitors, Tetracyclines, Topical Acne/Rosacea, Topical Antifungal, Topical Corticosteroids and Topical Immunomodulators. Also included are the following therapeutic categories: asthma/COPD, attention disorders, blood disorders, bone conditions, benign prostate hypertrophy, constipation, depression, diabetes, endocrine, gout, hepatitis C, cholesterol, hypertension, inflammatory conditions, migraine, nausea and vomiting, overactive bladder, pain, and pulmonary arterial hypertension.

The Plan also participates in Step Therapy rules on specialty drugs. Therapies include, but are not limited to: Growth Hormones, Inflammatory Conditions, and Multiple Sclerosis.

In situations where the targeted drug is prescribed, doctors are notified of lower-cost generics and preferred brands. If the doctor approves, the cost-effective medication is dispensed. If the doctor disapproves, a coverage review is initiated. If the coverage review is approved, the member is responsible for the Plan’s normal coinsurance (see page 78). If the coverage review is denied, the member is responsible for the full cost of the drug. If the member does not first obtain the Plan’s approval, they will pay the full cost of the drug. If approval is obtained after filling the prescription, the member may be reimbursed for any amount they paid minus their normal coinsurance. Coverage reviews can be initiated by the member, pharmacist, or doctor by calling Express Scripts at 855-315-8527.

Prescription drug benefits – continued on next page

Prescription drugs (*continued*)

Contact Express Scripts at 855-315-8527 for additional information regarding the patient safety, economic or effective management programs listed above.

- **To claim benefits.**

- **From a pharmacy** – When you purchase medication from a network pharmacy use your SAMBA/Express Scripts Identification Card. In most cases, you simply present the card, together with the prescription, to the pharmacist; the claim is automatically filed through the Express Scripts system.

If you do not use your identification card when purchasing your medication, or you use a non-network pharmacy, you must complete a direct reimbursement claim form to claim benefits. You may obtain these forms by calling Express Scripts toll-free at 855-315-8527. Service is available 7 days a week, 24 hours a day. Follow the instructions on the form and mail it to:

Express Scripts
Attention: Commercial Claims
P. O. Box 14711
Lexington, KY 40512-4711

Note: Reimbursement will be limited to SAMBA's cost had you used a participating pharmacy minus the copayments described on page 78.

- **By mail** – The Plan will send you information on the Express Scripts Mail Service:

1. Ask your doctor to give you a new prescription for up to a 90-day supply of your regular medication plus refills, if appropriate;
2. Complete the patient profile/order form the first time you order under the program; and
3. Complete a mail order envelope, enclose your prescriptions, and mail them along with the required copayment for each prescription or refill to:

Express Scripts Home Delivery Service
P. O. Box 66567
St. Louis, MO 63166-6567

You must pay your share of the cost by check, money order, VISA, Discover, or MasterCard (complete the space provided on the order envelope to use your charge card).

You will receive forms for refills and future prescription orders each time you receive drugs or supplies from Express Scripts Mail Service. In the meantime, if you have any questions about a particular drug or a prescription, and to request your first order forms, you may call 855-315-8527 toll-free. Customer service is available 7 days a week, 24 hours a day. You may also download order forms from www.express-scripts.com.

Note: As at your local pharmacy, if you request a brand name prescription when a generic equivalent is available, you will be responsible for the difference in price between the brand name drug and its generic equivalent.

- **Coordinating with other drug coverage.**

If you have other prescription drug coverage and the other insurance carrier is primary, you should use that carrier's prescription drug benefits first. When purchasing your covered medications from a retail pharmacy, follow your primary insurance carrier's instructions on how to file a claim. After their consideration, submit the claim along with the primary carrier's explanation of benefits (EOB) directly to Express Scripts.

If you elect to use the Express Scripts Mail Service, you will be billed directly for the full discounted cost of the covered medication. Pay Express Scripts Mail Service the billed amount and submit the bill to your primary insurance carrier. After their consideration submit the claim and the primary carrier's EOB to Express Scripts at:

Express Scripts
Attention: Commercial Claims
P. O. Box 14711
Lexington, KY 40512-4711

Prescription drug benefits – continued on next page

Prescription drugs (*continued*)

- **For Medicare Part B insurance coverage.**

Prescriptions typically covered by Medicare Part B include diabetes supplies (test strips, meters), specific medications used to aid tissue acceptance from organ transplants, certain oral medications used to treat cancer, ostomy supplies, and various inhalants used in nebulizers (devices that deliver liquid medication in mist form). **Some Medicare Part B medicines and supplies (such as for diabetes) may not be available through the Express Scripts Mail Service.** If Medicare Part B is primary, discuss with the retail pharmacy and/or Express Scripts Mail Service the options to submit Medicare covered medications and supplies to allow Medicare to pay as the primary carrier.

When using a retail pharmacy for eligible Medicare Part B medication or supplies, be sure to present your Medicare ID card. If your medication or supplies are eligible for Medicare Part B, the retail pharmacy will submit your claim to Medicare for you. Most independent pharmacies and national chains are Medicare providers. To find a retail pharmacy that is a Medicare Part B participating provider, visit the Medicare website at www.medicare.gov/supplier/home.asp or call Medicare Customer Service at 800-633-4227.

- **For Medicare Part D insurance coverage.**

SAMBA supplements the coverage you get with your Medicare Part D prescription drug plan. Your Medicare Part D drug plan will provide your primary prescription drug benefit and SAMBA will provide your secondary prescription drug benefit. To ensure that you get all the coverage you are entitled to receive, use a pharmacy that participates in the networks for both SAMBA and your Medicare Part D plan. Show both the Medicare Part D ID card and the SAMBA ID card when filling a prescription so the pharmacy can coordinate coverage on your behalf.

Section 5(g). Dental Benefits

Important things you should keep in mind about these benefits:

- Please remember that all benefits are subject to the definitions, limitations, and exclusions in this brochure and are payable only when we determine they are medically necessary.
- If you are enrolled in a Federal Employees Dental/Vision Insurance Program (FEDVIP) Dental Plan, your FEHB Plan will be First/Primary payor of any benefit payments and your FEDVIP Plan is secondary to your FEHB Plan. See Section 9, *Coordinating benefits with Medicare and other coverage*.
- The calendar year deductible applies to almost all benefits in this Section. We added “(No deductible)” to show when the calendar year deductible does not apply.
 - The High Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One or a Self and Family enrollment) for services of Non-PPO providers.
 - The Standard Option calendar year deductibles are \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of PPO providers and \$350 per person (limited to \$700 per Self Plus One enrollment or \$900 per Self and Family enrollment) for services of Non-PPO providers.
- Be sure to read Section 4, *Your costs for covered services*, for valuable information about how cost-sharing works. Also, read Section 9 for information about how we pay if you have other coverage, or if you are age 65 or over.
- Note: We cover hospitalization for dental procedures only when a non-dental physical impairment exists which makes hospitalization necessary to safeguard the health of the patient. We do not cover the dental procedure. See Section 5(c) for inpatient hospital benefits.

Benefit Description	You Pay	
	High Option	Standard Option
<p>Accidental injury benefit</p> <p>We cover surgical and dental treatment of accidental injury to sound natural teeth. Treatment must be rendered within 24 months of the accident.</p> <p>A sound, natural tooth is a tooth that is whole or properly restored and is without impairment, periodontal or other conditions and is not in need of the treatment provided for any reason other than an accidental injury. For purposes of this Plan, a tooth previously restored with a crown, inlay, onlay, or porcelain restoration or treated by endodontics is not considered a sound natural tooth.</p> <p>Note: An injury to the teeth while chewing and/or eating is not considered to be an accidental injury.</p>	<p>PPO: 15% of the Plan allowance</p> <p>Non-PPO: 35% of the Plan allowance and any difference between our allowance and the billed amount</p>	<p>PPO: 20% of the Plan allowance</p> <p>Non-PPO: 45% of the Plan allowance and any difference between our allowance and the billed amount</p>

Section 5(h). Wellness and Other Special Features

Special feature	Description
<p>Flexible benefits option</p>	<p>Under the flexible benefits option, we determine the most effective way to provide services.</p> <ul style="list-style-type: none"> • We may identify medically appropriate alternatives to regular contract benefits as a less costly alternative. If we identify a less costly alternative, we will ask you to sign an alternative benefits agreement that will include all of the following terms in addition to other terms as necessary. Until you sign and return the agreement, regular contract benefits will continue. • Alternative benefits will be made available for a limited time period and are subject to our ongoing review. You must cooperate with the review process. • By approving an alternative benefit, we do not guarantee you will get it in the future. • The decision to offer an alternative benefit is solely ours, and except as expressly provided in the agreement, we may withdraw it at any time and resume regular contract benefits. • If you sign an agreement, we will provide the agreed-upon alternative benefits for the stated time period (unless circumstances change). You may request an extension of the time period, but regular contract benefits will resume if we do not approve your request. • Our decision to offer or withdraw alternative benefits is not subject to OPM review under the disputed claims process. However, if at the time we make a decision regarding alternative benefits, we also decide that regular contract benefits are not payable, then you may dispute our regular contract benefits decision under the OPM disputed claim process. (See Section 8.)
<p>Travel benefit/services overseas</p>	<p>For covered services rendered by a hospital or by a doctor outside the United States, the Plan will pay eligible charges at PPO benefit levels, limited to the Plan’s allowance established for the Washington, D.C. Metropolitan area. The member is responsible for the difference between the Plan’s allowance and the provider’s charge. See page 92, <i>Section 7. Filing a claim for covered services.</i></p>
<p>Services for deaf and hearing impaired</p>	<p>SAMBA has a TDD line for the hearing-impaired: 301-984-4155 (TDD equipment is needed).</p>
<p>Telehealth services</p>	<p>Telehealth or tele-medicine services are available through our Telehealth vendor Teladoc®. Through Teladoc® you can receive quality healthcare anytime, anywhere – at work, in the comfort of your home or while traveling.</p> <p>As a Teladoc® member, you will have access to a national network of U.S. board-certified physicians. With an average of over 20 years of clinical experience, Teladoc® doctors can diagnose, treat and prescribe medication for your non-emergency conditions such as the flu, strep throat, eye infections, bronchitis, and allergies.</p> <p>Whenever you need care, a doctor is available within minutes by phone or video, 24 hours a day, 7 days a week.</p> <p>For more information, visit www.Teladoc.com or call 1-800-Teladoc (835-2362).</p> <p>Note: Telehealth services are available in most states, but some states do not allow telehealth or prescriptions per state regulations. For a current list, visit www.Teladoc.com.</p>

Special feature	Description
<p>Online Resources</p>	<p>Visit our website at www.SambaPlans.com to view your claim history, order prescription refills and have access to many health resources, such as:</p> <ul style="list-style-type: none"> • a Hospital Quality Ratings Guide and Treatment Cost Estimator tool, • an electronic Health Library to obtain information about a specific disease or medical condition, • preventive care tips, and • tools to quit smoking, lose weight and live a healthier life.
<p>Your Health First Program</p>	<p>Through our relationship with Cigna, you and your covered dependents will have access to the Your Health First (YHF) Program. This Program will assist with empowering our members to stay healthy.</p> <p>Your Health First is a chronic condition management program that takes a unique approach to help people who have ongoing conditions such as asthma, diabetes, depression, low back pain, and heart disease better manage their health. This behavioral-based program provides comprehensive health management tailored to each individual and is delivered through the continuous, personalized support of a dedicated health advocate.</p> <p>For more information, visit our website at www.SambaPlans.com or call 800-887-9735.</p>
<p>Healthy Rewards Program</p>	<p>Through our relationship with Cigna/CareAllies, SAMBA members can participate in the Healthy Rewards Program. This Program provides access to discounts on treatments and items not covered under the Plan. For example:</p> <ul style="list-style-type: none"> • Over 15,000 fitness facilities including Curves, Anytime Fitness, select Gold's Gym, Jazzercise, Snap Fitness and other chain/local centers. • Alternative medicine network featuring a network of over 27,000 chiropractors, acupuncturists, massage therapists, and registered dieticians. • Weight Management Programs • Mind/Body Programs • Online store featuring discounts to vitamins & supplements, herbal products, dental products, homeopathic remedies, natural products, diet & sports nutrition, yoga & fitness activities, personal body care, books, audio, video & DVDs. <p>In addition, Healthy Rewards offers Vision and Hearing Care discounts including eye exams, eye wear, Lasik correction and hearing exams and aids, Just Walk 10,000 Steps a Day, weight management through Jenny Craig and other products through Drugstore.com.</p> <p>Visit www.SambaPlans.com for more information and to enroll.</p>
<p>Health Risk Assessment</p>	<p>The Health Risk Assessment (HRA) tool is available online at www.SambaPlans.com. The tool is designed to assess the member's health profile, analyze the responses and suggest how they could achieve or maintain better health. This is an excellent tool to assist you in achieving your personal health goals.</p> <p>To encourage you and your covered family members over age 18 to complete an HRA, the Plan will apply a \$25 credit toward the individual's calendar year deductible. This incentive is limited to two individuals per family and allowed only once per calendar year.</p>

High and Standard Option

Special feature	Description
<p>Gaps in Care</p>	<p>The Gaps in Care program uses clinical rule-based software, together with integrated medical, pharmacy, behavioral, and lab data to address members' gaps in care. Gaps in care occur when individuals do not receive or adhere to care that is consistent with medically proven guidelines for prevention or treatment.</p> <p>The Gaps in Care program provides coaching, integrated with Case Management, to identify any gaps or barrier preventing necessary medical care. Simple, easy to understand profiles are sent to members to increase their understanding of potential gaps and improve adherence to existing treatment plans. The program also generates patient reminders for medications and preventative appointments.</p>
<p>Cigna Quit Today® Program</p>	<p>We know it isn't easy to quit smoking. It can take several attempts to quit before you're successful.</p> <p>The Cigna Quit Today® tobacco cessation program is offered by the Plan to help you develop a personal plan to become and remain tobacco-free. Choose from two convenient options – a telephone program featuring a dedicated wellness coach or online for a self-paced program – or use both.</p> <p>Get the support you need and the results you want. For more information or to enroll, visit www.SambaPlans.com or call 800-887-9735.</p> <p>Note: For group and individual counseling for tobacco cessation, see <i>Educational classes and programs</i> in Section 5(a).</p>
<p>Healthy Steps to Weight LossSM</p>	<p>Lose weight and improve your health through Cigna's Healthy Steps to Weight Loss personalized weight loss program. This program helps you change your behaviors by learning healthier eating habits and how to incorporate exercise into your schedule – helping you to feel better, look better and improve your overall health.</p> <p>As a Healthy Steps participant, in addition to help developing a customized diet and exercise plan, you will receive:</p> <ul style="list-style-type: none"> • One-on-one support and advice from a health coach by telephone or online • A personal telephone assessment that helps make sure your participation in the program will be safe and successful, • A valuable workbook filled with practical tips, nutrition guides and more, • Tools developed by medical experts that provide the participant's health coach with more detailed information about the participant's heart health and eating habits, • A toolkit that includes a pedometer, a tape measure and more, and • 24/7 access to the secure Healthy Steps website with helpful articles, tools, trackers, and more. <p>For more information or to enroll, visit www.SambaPlans.com or call 800-887-9735.</p>

Special features – continued on next page

Special feature	Description
<p>24-hour nurse line</p>	<p>Through SAMBA's relationship with Cigna/CareAllies, our members have access to 24/7 Nurselinesm, an easy to use resource with anytime access to the information you need to make smart health decisions.</p> <p>With 24/7 Nurselinesm you get:</p> <ul style="list-style-type: none"> • Health information in language that is easy to understand and use • Help deciding the best method to treat a minor injury or illness, including over-the-counter or home remedies • Peace of mind by having a registered nurse available around the clock <p>Get expert health advice anytime, anywhere by calling 800-887-9735.</p>
<p>Healthy Pregnancies, Healthy Babies[®] Program</p>	<p>Through our relationship with Cigna, SAMBA is pleased to offer you and your covered dependents access to the Healthy Pregnancies, Healthy Babies[®] Program. This free program is designed to help you throughout your pregnancy and in the days and weeks following your baby's birth.</p> <p>When you enroll in Cigna's Healthy Pregnancies, Healthy Babies[®] Program, you get unlimited support for a healthier pregnancy.</p> <p>For more information and to enroll, contact Cigna/CareAllies at 800-877-9735 or visit www.SambaPlans.com.</p>
<p>Personal Medication Coach (PMC)</p>	<p>Through our relationship with Express Scripts, SAMBA offers our eligible members the Personal Medication Coach (PMC) program. Through convenient phone consultations with a registered pharmacist, you can receive a full review of your current medications (including over-the-counter medications and supplements), ask the pharmacist any medication-related questions, discuss any side effects you may be experiencing or potentially harmful drug interactions, and determine if lower-cost medication alternatives are available (if requested). The pharmacist will also collaborate with your prescriber to discuss potential areas of concern and opportunities to optimize your therapy.</p>

Non-FEHB Benefits Available to Plan Members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or visit their website at www.SambaPlans.com.

Dental and Vision Plan

SAMBA offers you and your family a choice of two comprehensive dental plan options: the **DMO Plan** or the **PPO Plan**. You may **enroll at any time** — plus children are covered up to age 26. You pay the same low rates for either option **and** both plan options include **vision benefits at no additional cost**.

- **DMO Plan** – select a primary dentist; no claim forms needed; no deductible; less out-of-pocket expenses; no waiting period for orthodontic treatment; no maximum benefit
- **PPO Plan** – flexibility to choose any dentist; less out-of-pocket when you select an Aetna PPO participating dentist; out-of-network benefits available

Summary of Dental Plan Benefits			
Options	DMO Plan	PPO Plan	
Coverage Type	Primary Care Dentist You Pay	In-Network You Pay	Out-of-Network You Pay
Preventive (A) – (exams, cleaning, x-rays)	Nothing	Nothing	30%
Basic (B) – (fillings, extractions)	Copay	25%	40%
Major (C) – (implants, crowns, onlays, inlays, dentures)	Copay No waiting period	50% 6 month waiting period	
Orthodontics (D)	Copay No waiting period	50% – \$1,500 lifetime maximum per person 12 month waiting period	
Annual Deductible	None	\$50 per person, \$150 per family (B&C only)	
Annual Maximum	None	\$2,500 per person, per calendar year	
Both Dental Plan Options are managed by Aetna Dental®			

Summary of Vision Benefits		
Included with both Dental Plan options at no additional cost to you		
Calendar Year Benefits	EyeMed* In-Network Provider	Out-of-Network Provider
Eye exam (with dilation)	Covered in full after \$10 copay	Up to \$30 reimbursement
Eyeglasses (frames and lenses)	Covered in full – up to \$140 (20% off balance over \$140)	Up to \$75 reimbursement
Contact lenses (in lieu of eyeglasses)	Covered in full – up to \$100	Up to \$75 reimbursement
*Vision benefits are administered by EyeMed Vision Care®		

The above is a brief description of the non-FEHB plans available. All Plan benefits are subject to the definitions, limitations and exclusions set forth in the official Plan documents.

Non-FEHB Benefits Available to Plan Members

The benefits on this page are not part of the FEHB contract or premium, **and you cannot file an FEHB disputed claim about them.** Fees you pay for these services do not count toward FEHB deductibles or catastrophic protection out-of-pocket maximums. These programs and materials are the responsibility of the Plan, and all appeals must follow their guidelines. For additional information contact the Plan at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or visit their website at www.SambaPlans.com.

Life Insurance Plans

The plans described below are underwritten by ReliaStar Life Insurance Company, a member of the Voya™ family of companies. **You can enroll for coverage at any time** with the exception of the Employee Benevolent Fund. Plan provisions, certain exclusions, eligibility requirements, and underwriting guidelines apply for each plan.

- **Term Life Insurance** – coverage from \$25,000 to \$600,000 for you and your spouse. Children are covered at \$20,000 up to age 26. Includes member Accidental Death and Dismemberment coverage – benefit doubles in the event of an accidental death.
- **Personal Accident Insurance** – Coverage from \$10,000 to \$500,000 for you and your family. Provides around-the-clock protection for a low premium. Additional benefits provided for mortgage payments, tuition reimbursement for spouse and children, and much more.
- **Employee Benevolent Fund** – provides an immediate death benefit to help sustain your loved ones until other survivor benefits can be paid. Two plan options; \$17,500 or \$35,000. The plan is open only to select agencies. To see a complete list of participating agencies, visit the SAMBA website at www.SambaPlans.com. If your agency does not currently participate, please speak to your agency representative about contacting SAMBA for more information.

Voya™ Travel Assistance Service and Funeral Planning and Concierge Service are included in all of the above plans, **at no additional cost.**

Other Plans

- **Long Term Disability** – A benefit that provides much needed income for you and your family when a long-term illness or disability occurs and you are not able to work. The plan pays up to 65% of your covered salary, tax-free. Also included is a survivor benefit paid in the event you die while receiving the disability benefit and a benefit for you, your spouse and your children for each day while confined in a hospital.

The above is a brief description of the non-FEHB plans available. All Plan benefits are subject to the definitions, limitations and exclusions set forth in the official Plan documents.

Section 6. General Exclusions – Services, Drugs and Supplies We Don't Cover

The exclusions in this section apply to all benefits. There may be other exclusions and limitations listed in Section 5 of this brochure. **Although we may list a specific service as a benefit, we will not cover it unless we determine it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.** The fact that one of our covered providers has prescribed, recommended, or approved a service or supply does not make it medically necessary or eligible for coverage under this Plan. For information on obtaining prior approval for specific services, such as transplants, see Section 3 *When you need prior Plan approval for certain services.*

We do not cover the following:

- Services, drugs, or supplies you receive while you are not enrolled in this Plan
- Services, drugs, or supplies that are not medically necessary
- Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice in the United States
- Experimental or investigational procedures, treatments, drugs or devices (see specifics regarding transplants)
- Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest
- Procedures, services, drugs, and supplies related to sexual dysfunction or sexual inadequacy, e.g., Viagra, Muse, Caverject, penile prosthesis
- Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program
- Services or supplies for which no charge would be made if the covered individual had no health insurance coverage
- Services, drugs, or supplies you receive without charge while in active military service
- Services or supplies furnished by yourself, immediate relatives or household members, such as spouse, parents, children, brothers or sisters by blood, marriage or adoption
- Services or supplies furnished or billed by a non-covered facility, except that medically necessary prescription drugs and physical, speech and occupational therapy rendered by a qualified professional therapist on an outpatient basis are covered subject to plan limits
- Services and supplies not specifically listed as covered
- Any portion of a provider's fee or charge ordinarily due from the enrollee but that has been waived. If a provider routinely waives (does not require the enrollee to pay) a deductible, copayment or coinsurance, the Carrier will calculate the actual provider fee or charge by reducing the fee or charge by the amount waived
- Charges which the enrollee or Plan has no legal obligation to pay, such as excess charges for an annuitant age 65 or older who is not covered by Medicare Parts A and/or B (see page 103), doctor charges exceeding the amount specified by the Department of Health and Human Services when benefits are payable under Medicare (limiting charge, see page 104), or State premium taxes however applied
- Dental treatment, including X-rays and treatment by a dentist or oral surgeon except to the extent shown in Section 5(g)
- Dental appliances, study models, splints and other devices or services associated with the treatment of temporomandibular joint (TMJ) dysfunction
- Eyeglasses or hearing aids, or examinations for them, except as shown in Section 5(a)
- Treatment of learning disabilities and mental retardation
- Marital counseling
- Practitioners who do not meet the definition of covered provider on page 14, Section 3
- Services, drugs or supplies ordered or provided by a non-covered provider
- Charges for services and supplies that exceed the Plan allowance
- Services in connection with custodial care as defined on page 106

General exclusions *(continued)*

- Services in connection with: corns; calluses; toenails; weak, strained, or flat feet; any instability or imbalance of the foot; or any metatarsalgia or bunion, including related orthotic devices, except as listed on page 44, Section 5(a)
- Services by a massage therapist
- Naturopathic and homeopathic services such as naturopathic medicines
- Genetic counseling (except as indicated on page 31, Section 5(a)) and/or genetic screening
- Services and supplies for cosmetic purposes, e.g., Retin A, Minoxidil, Rogaine
- Treatment of obesity or weight reduction, except as indicated on page 49, Section 5(a), page 51, Section 5(b), and on page 86, Section 5(h)
- Safety, hygiene, convenience, and exercise equipment and supplies
- Fees for medical records not requested by the Plan
- Handling charges/administrative charges or late charges, missed appointment fees, including interest, billed by providers of care
- Home test kits including but not limited to HIV and drug home test kits
- Telephone and online consultations and/or therapy, except as provided under *Telehealth services* on pages 31, 70 and 84
- “Never Events” – Are errors in patient care that can and should be prevented. We will follow the policy of the Centers for Medicare and Medicaid Services (CMS). The Plan will not cover care that falls under these policies (see details on page 6). For additional information, please visit www.cms.gov, enter Never Events into SEARCH.

Section 7. Filing a Claim for Covered Services

This Section primarily deals with post-service claims (claims for services, drugs or supplies you have already received).

See Section 3 for information on pre-service claims (services, drugs or supplies requiring prior Plan approval), including urgent care claims procedures.

How to claim benefits

To obtain claim forms, claims filing advice or answers about our benefits, contact us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155), or at our website at www.SambaPlans.com.

In most cases, providers and facilities file claims for you. Your physician must file on the form CMS-1500, Health Insurance Claim Form. Your facility will file on the UB-04 form.

When you must file a claim – such as for services you received overseas or when another group health plan is primary – submit it on the CMS-1500 or a claim form that includes the information shown below. Bills and receipts should be itemized and show:

- Patient's name, date of birth, address, phone number, and relationship to enrollee
- Patient's Plan identification number
- Name and address of person or company providing the service or supply
- Dates that services or supplies were furnished
- Diagnosis
- Type of each service or supply
- The charge for each service or supply

Note: Canceled checks, cash register receipts, or balance due statements are not acceptable substitutes for itemized bills.

In addition:

- If another health plan is your primary payor, you must send a copy of the explanation of benefits (EOB) form you received from your primary payor (such as the Medicare Summary Notice (MSN)) with your claim.
- Bills for home nursing care must show that the nurse is a registered or licensed practical nurse.
- If your claim is for the rental or purchase of durable medical equipment; private duty nursing; and physical therapy, occupational therapy, or speech therapy, you must provide a written statement from the physician specifying the medical necessity for the service or supply and the length of time needed.
- Claims for prescription drugs and supplies must include receipts that show the prescription number, name of drug or supply, prescribing physician's name, date, and charge.
- We will provide translation and currency conversion services for claims for overseas (foreign) services.

Post-service claims procedures

We will notify you of our decision within 30 days after we receive your post-service claim. If matters beyond our control require an extension of time, we may take up to an additional 15 days for review and we will notify you before the expiration of the original 30-day period. Our notice will include the circumstances underlying the request for the extension and the date when a decision is expected.

If we need an extension because we have not received necessary information from you, our notice will describe the specific information required and we will allow you up to 60 days from the receipt of the notice to provide the information.

If you do not agree with our initial decision, you may ask us to review it by following the disputed claims process detailed in Section 8 of this brochure.

Records

Keep a separate record of the medical expenses of each covered family member as deductibles and maximum allowances apply separately to each person. Save copies of all medical bills, including those you accumulate to satisfy a deductible. In most instances they will serve as evidence of your claim. We will not provide duplicate or year-end statements.

Deadline for filing your claim

Send us all of the documents for your claim as soon as possible. You must submit the claim by December 31 of the year after the year you received the service. If you could not file on time because of Government administrative operations or legal incapacity, you must submit your claim as soon as reasonably possible. You are responsible to make certain that your claims are filed within the timely filing deadline. Once we pay benefits, there is a three-year limitation on the reissuance of uncashed checks.

Overseas claims

Charges for overseas (foreign) claims will be converted to U.S. dollars using the exchange rate applicable to the date the service was rendered. For inpatient hospital services, the exchange rate will be based on the date of admission. Send itemized bills for covered services provided by hospitals or doctors outside the United States to SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800.

When we need more information

Please reply promptly when we ask for additional information. We may delay processing or deny benefits for your claim if you do not respond. Our deadline for responding to your claim is stayed while we await all of the additional information needed to process your claim.

Authorized Representative

You may designate an authorized representative to act on your behalf for filing a claim or to appeal claims decisions to us. For urgent care claims, a health care professional with knowledge of your medical condition will be permitted to act as your authorized representative without your express consent. For the purposes of this section, we are also referring to your authorized representative when we refer to you.

Notice Requirements

The Secretary of Health and Human Services has identified counties where at least 10 percent of the population is literate only in certain non-English languages. The non-English languages meeting this threshold in certain counties are Spanish, Chinese, Navajo and Tagalog. If you live in one of these counties, we will provide language assistance in the applicable non-English language. You can request a copy of your Explanation of Benefits (EOB) statement, related correspondence, oral language services (such as telephone customer assistance), and help with filing claims and appeals (including external reviews) in the applicable non-English language. The English versions of your EOBs and related correspondence will include information in the non-English language about how to access language services in that non-English language.

Any notice of an adverse benefit determination or correspondence from us confirming an adverse benefit determination will include information sufficient to identify the claim involved (including the date of service, the health care provider, and the claim amount, if applicable), and a statement describing the availability, upon request, of the diagnosis and procedure codes and its corresponding meaning, and the treatment code and its corresponding meaning).

Section 8. The Disputed Claims Process

You may appeal directly to the Office of Personnel Management (OPM) if we do not follow required claims processes. For more information or to make an inquiry about situations in which you are entitled to immediately appeal to OPM, including requirements not listed in Sections 3, 7 and 8 of this brochure, please call your plan's customer service representative at the phone number found on your enrollment card, plan brochure, or plan website.

Please follow this Federal Employees Health Benefits Program disputed claims process if you disagree with our decision on your post-service claim (a claim where services, drugs, or supplies have already been provided). In Section 3 *If you disagree with our pre-service claim decision*, we describe the process you need to follow if you have a claim for services, referrals, drugs or supplies that must have prior Plan approval, such as an inpatient hospital admission.

To help you prepare your appeal, you may arrange with us to review and copy, free of charge, all relevant materials and Plan documents under our control relating to your claim, including those that involve any expert review(s) of your claim. To make your request, please contact our Customer Service Department by writing SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800 or calling 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155).

Our reconsideration will take into account all comments, documents, records, and other information submitted by you relating to the claim, without regard to whether such information was submitted or considered in the initial benefit determination.

When our initial decision is based (in whole or in part) on a medical judgment (i.e., medical necessity, experimental/investigational), we will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment and who was not involved in making the initial decision.

Our reconsideration will not take into account the initial decision. The review will not be conducted by the same person, or his/her subordinate, who made the initial decision.

We will not make our decisions regarding hiring, compensation, termination, promotion, or other similar matters with respect to any individual (such as a claims adjudicator or medical expert) based upon the likelihood that the individual will support the denial of benefits.

Step Description

- 1** Ask us in writing to reconsider our initial decision. You must:
 - a) Write to us within 6 months from the date of our decision; and
 - b) Send your request to us at: SAMBA, 11301 Old Georgetown Road, Rockville, MD 20852-2800; and
 - c) Include a statement about why you believe our initial decision was wrong, based on specific benefit provisions in this brochure; and
 - d) Include copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms.
 - e) Include your email address (optional for members), if you would like to receive our decision via email. Please note that by giving us your email, we may be able to provide our decision more quickly.

We will provide you, free of charge and in a timely manner, with any new or additional evidence considered, relied upon, or generated by us or at our direction in connection with your claim and any new rationale for our claim decision. We will provide you with this information sufficiently in advance of the date that we are required to provide you with our reconsideration decision to allow you a reasonable opportunity to respond to us before that date. However, our failure to provide you with new evidence or rationale in sufficient time to allow you to timely respond shall not invalidate our decision on reconsideration. You may respond to that new evidence or rationale at the OPM review stage described in step 4.

- 2** In the case of a post-service claim, we have 30 days from the date we receive your request to:
 - a) Pay the claim or
 - b) Write to you and maintain our denial or
 - c) Ask you or your provider for more information.

You or your provider must send the information so that we receive it within 60 days of our request. We will then decide within 30 more days.

If we do not receive the information within 60 days we will decide within 30 days of the date the information was due. We will base our decision on the information we already have. We will write to you with our decision.

The disputed claims process (*continued*)

3 If you do not agree with our decision, you may ask OPM to review it.

You must write to OPM within:

- 90 days after the date of our letter upholding our initial decision; or
- 120 days after you first wrote to us – if we did not answer that request in some way within 30 days; or
- 120 days after we asked for additional information.

Write to OPM at: United States Office of Personnel Management, Healthcare and Insurance, Federal Employee Insurance Operations, FEHB 2, 1900 E Street, NW, Washington, DC 20415-3620.

Send OPM the following information:

- A statement about why you believe our decision was wrong, based on specific benefit provisions in this brochure;
- Copies of documents that support your claim, such as physicians' letters, operative reports, bills, medical records, and explanation of benefits (EOB) forms;
- Copies of all letters you sent to us about the claim;
- Copies of all letters we sent to you about the claim; and
- Your daytime phone number and the best time to call.
- Your email address, if you would like to receive OPM's decision via email. Please note that by providing your email address, you may receive OPM's decision more quickly.

Note: If you want OPM to review more than one claim, you must clearly identify which documents apply to which claim.

Note: You are the only person who has a right to file a disputed claim with OPM. Parties acting as your representative, such as medical providers, must include a copy of your specific written consent with the review request. However, for urgent care claims, a health care professional with knowledge of your medical condition may act as your authorized representative without your express consent.

Note: The above deadlines may be extended if you show that you were unable to meet the deadline because of reasons beyond your control.

4 OPM will review your disputed claim request and will use the information it collects from you and us to decide whether our decision is correct. OPM will send you a final decision within 60 days. There are no other administrative appeals.

If you do not agree with OPM's decision, your only recourse is to file a lawsuit. If you decide to file a lawsuit, you must file the suit against OPM in Federal court by December 31 of the third year after the year in which you received the disputed services, drugs, or supplies or from the year in which you were denied precertification or prior approval. This is the only deadline that can not be extended.

OPM may disclose the information it collects during the review process to support their disputed claim decision. This information will become part of the court record.

You may not file a lawsuit until you have completed the disputed claims process. Further, Federal law governs your lawsuit, benefits, and payment of benefits. The Federal court will base its review on the record that was before OPM when OPM decided to uphold or overturn our decision. You may recover only the amount of benefits in dispute.

Note: If you have a serious or life threatening condition (one that may cause permanent loss of bodily functions or death if not treated as soon as possible), and you did not indicate that your claim was a claim for urgent care, then call us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155). We will expedite our review (if we have not yet responded to your claim); or we will inform OPM so they can quickly review your claim on appeal. You may call OPM's FEHB 2 at 202-606-3818 between 8 a.m. and 5 p.m. Eastern Time.

Please remember that we do not make decisions about plan eligibility issues. For example, we do not determine whether you or a dependent is covered under this plan. You must raise eligibility issues with your Agency personnel/payroll office if you are an employee, your retirement system if you are an annuitant or the Office of Workers' Compensation Programs if you are receiving Workers' Compensation benefits.

Section 9. Coordinating Benefits with Medicare and Other Coverage

When you have other health coverage

You must tell us if you or a covered family member has coverage under any other health plan or has automobile insurance that pays health care expenses without regard to fault. This is called “double coverage.”

When you have double coverage, one plan normally pays its benefits in full as the primary payor and the other plan pays a reduced benefit as the secondary payor. We, like other insurers, determine which coverage is primary according to the National Association of Insurance Commissioners’ (NAIC) guidelines. For more information on NAIC rules regarding the coordinating of benefits, visit our website at www.SambaPlans.com.

When we are the primary payor, we will pay the benefits described in this brochure.

When we are the secondary payor, we will determine our allowance. After the primary plan pays, we will pay either what is left of our allowance or up to our regular benefit, whichever is less. We will not pay more than our allowance. The combined payments from both plans may not equal the entire amount billed by the provider. In certain circumstances, when there is no adverse effect on you (that is, you do not pay any more), we may also take advantage of any provider discount arrangements your primary plan may have and pay only the difference between the primary plan’s payment and the amount the provider has agreed to accept as payment in full from the primary plan.

Please see Section 4, *Your costs for covered services*, for more information about how we pay claims.

TRICARE and CHAMPVA

TRICARE is the health care program for eligible dependents of military persons, and retirees of the military. TRICARE includes the CHAMPUS program. CHAMPVA provides health coverage to disabled Veterans and their eligible dependents. If TRICARE or CHAMPVA and this Plan cover you, we pay first. See your TRICARE or CHAMPVA Health Benefits Advisor if you have questions about these programs.

Suspended FEHB coverage to enroll in TRICARE or CHAMPVA: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these programs, eliminating your FEHB premium. (OPM does not contribute to any applicable plan premiums.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under TRICARE or CHAMPVA.

Workers’ Compensation

We do not cover services that:

- You (or a covered family member) need because of a workplace-related illness or injury that the Office of Workers’ Compensation Programs (OWCP) or a similar Federal or State agency determines they must provide; or
- OWCP or a similar agency pays for through a third party injury settlement or other similar proceeding that is based on a claim you filed under OWCP or similar laws.

Once OWCP or similar agency pays its maximum benefits for your treatment, we will cover your care.

Medicaid

When you have this Plan and Medicaid, we pay first.

Suspended FEHB coverage to enroll in Medicaid or a similar State-sponsored program of medical assistance: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in one of these State programs, eliminating your FEHB premium. For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage under the State program.

When other Government agencies are responsible for your care

We do not cover services and supplies when a local, State, or Federal government agency directly or indirectly pays for them.

When others are responsible for injuries

Our reimbursement and subrogation rights are both a condition of, and a limitation on, the benefit payments that you are eligible to receive from us.

If you receive (or are entitled to receive) a monetary recovery from any source as the result of an injury or illness, we have the right to be reimbursed out of that recovery for any and all of our benefits paid to diagnose and treat that illness or injury to the full extent of the benefits paid or provided. This reimbursement right extends to any monetary recovery that your representatives (for example, heirs, estate) receive (or are entitled to receive) from any source as a result of an accidental injury or illness. This is known as our reimbursement right.

We may also, at our option, pursue recovery as successor to the rights of the enrollee or any covered family member who suffered an illness or injury, which includes the right to file suit and make claims in your name, and to obtain reimbursement directly from the responsible party, liability insurer, first party insurer, or benefit program. This is known as our subrogation right.

Examples of situations to which our reimbursement and subrogation rights apply include, but are not limited to, when you become ill or are injured due to (1) an accident on the premises owned by a third party, (2) a motor vehicle accident, (3) a slip and fall, (4) an accident at work, (5) medical malpractice, or (6) a defective product.

Our reimbursement and subrogation rights extend to all benefits available to you under any law or under any type of insurance or benefit program, including but not limited to:

- No-fault insurance and other insurance that pays without regard to fault, including personal injury protection benefits, regardless of any election made by you to treat those benefits as secondary to us;
- Third party liability coverage;
- Personal or business umbrella coverage;
- Uninsured and underinsured motorist coverage;
- Workers' Compensation benefits;
- Medical reimbursement or payment coverage;
- Homeowners or property insurance;
- Payments directly from the responsible party; and
- Funds or accounts established through settlement or judgment to compensate injured parties

Our reimbursement right applies even if the monetary recovery may not compensate you fully for all of the damages resulting from the injuries or illness. In other words, we are entitled to be reimbursed for those benefit payments even if you are not "made whole" for all of your damages by the compensation you receive.

Our reimbursement right is not subject to reduction for attorney's fees under the "common fund" doctrine. We are entitled to be reimbursed for 100% of the benefits we paid on account of the injuries or illness unless we agree in writing to accept a lesser amount.

We enforce our reimbursement right by asserting a first priority lien against any and all recoveries you receive by court order or out-of-court settlement, insurance or benefit program claims, or otherwise, regardless of whether medical benefits are specifically designated in the recovery and without regard to how it is characterized (for example as "pain and suffering"), designated, or apportioned. Our subrogation or reimbursement interest shall be paid from the recovery before any of the rights of any other parties are paid.

You agree to cooperate with our enforcement of our reimbursement right by:

- telling us promptly whenever you have filed a claim for compensation resulting from an accidental injury or illness and responding to our questionnaires;
- pursuing recovery of our benefit payments from the third party or available insurance company;
- accepting our lien for the full amount of our benefit payments;
- signing our Reimbursement Agreement when requested to do so;

- agreeing to assign any proceeds or rights to proceeds from third party claims or any insurance to us;
- keeping us advised of the claim's status;
- agreeing and authorizing us to communicate directly with any relevant insurance carrier regarding the claim related to your injury or illness;
- advising us of any recoveries you obtain, whether by insurance claim, settlement or court order; and
- agreeing that you or your legal representative will hold any funds from settlement or judgment in trust until you have verified our lien amount, and reimbursed us out of any recovery received to the full extent of our reimbursement right.

We also expect you to fully cooperate with us in the event we exercise our subrogation right.

Failure to cooperate with these obligations may result in the temporary suspension of your benefits and/or offsetting of future benefits.

For more information about this process, please call our Third Party Recovery Services unit at 202-683-9140 or 855-661-7973 (toll free). You also can email that unit at info@elgtprs.com.

When you have Federal Employees Dental and Vision Insurance Plan (FEDVIP)

Some FEHB plans already cover some dental and vision services. When you are covered by more than one vision/dental plan, coverage provided under your FEHB plan remains as your primary coverage. FEDVIP coverage pays secondary to that coverage. When you enroll in a dental and/or vision plan on BENEFEDS.com or by phone 877-888-3337 (TTY 877-889-5680), you will be asked to provide information on your FEHB plan so that your plans can coordinate benefits. Providing your FEHB information may reduce your out-of-pocket cost.

Clinical Trials

An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.

If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:

- Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition, whether the patient is in a clinical trial or is receiving standard therapy. These costs are covered by this Plan.
- Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care. This Plan does not cover these costs.
- Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes. These costs are generally covered by the clinical trials. This Plan does not cover these costs.

When you have Medicare

What is Medicare?

Medicare is a health insurance program for:

- People 65 years of age and older
- Some people with disabilities under 65 years of age
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant)

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in Medicare-covered employment, you should be able to qualify for premium-free Part A insurance. (If you were a Federal employee at any time both before and during January 1983, you will receive credit for your Federal employment before January 1983.) Otherwise, if you are age 65 or older, you may be able to buy it. Contact 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) for more information.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your retirement check.
- Part C (Medicare Advantage). You can enroll in a Medicare Advantage plan to get your Medicare benefits. We do not offer a Medicare Advantage plan. Please review the information on coordinating benefits with Medicare Advantage plans on page 100.
- Part D (Medicare prescription drug coverage). There is a monthly premium for Part D coverage. Before enrolling in Medicare Part D, please review the important disclosure notice from us about the FEHB prescription drug coverage and Medicare. The notice is on the first inside page of this brochure.

For people with limited income and resources, extra help in paying for a Medicare prescription drug plan is available. For more information about this extra help, visit the Social Security Administration online at www.socialsecurity.gov, or call them at 800-772-1213 (TTY: 800-325-0778).

- **Should I enroll in Medicare?**

The decision to enroll in Medicare is yours. We encourage you to apply for Medicare benefits 3 months before you turn age 65. It's easy. Just call the Social Security Administration toll-free number 800-772-1213, (TTY: 800-325-0778) to set up an appointment to apply. If you do not apply for one or more Parts of Medicare, you can still be covered under the FEHB Program.

If you can get premium-free Part A coverage, we advise you to enroll in it. Most Federal employees and annuitants are entitled to Medicare Part A at age 65 **without cost**. When you don't have to pay premiums for Medicare Part A, it makes good sense to obtain the coverage. It can reduce your out-of-pocket expenses as well as costs to the FEHB, which can help keep FEHB premiums down.

Everyone is charged a premium for Medicare Part B coverage. The Social Security Administration can provide you with premium and benefit information. Review the information and decide if it makes sense for you to buy the Medicare Part B coverage. If you do not sign up for Medicare Part B when you are first eligible, you may be charged a Medicare Part B late enrollment penalty of a 10% increase in premium for every 12 months you are not enrolled. If you did not take Part B at age 65 because you were covered under FEHB as an active employee (or you were covered under your spouse's group health insurance plan and he/she was an active employee), you may sign up for Part B (generally without an increased premium) within 8 months from the time you or your spouse stop working or are no longer covered by the group plan. You also can sign up at any time while you are covered by the group plan.

If you are eligible for Medicare, you may have choices in how you get your health care. Medicare Advantage is the term used to describe the various private health plan choices available to Medicare beneficiaries. The information in the next few pages shows how we coordinate benefits with Medicare, depending on whether you are in the Original Medicare Plan or a private Medicare Advantage plan.

(Please refer to page 103 for information about how we provide benefits when you are age 65 or older and do not have Medicare.)

- **The Original Medicare Plan (Part A or Part B)**

The Original Medicare Plan (Original Medicare) is available everywhere in the United States. It is the way everyone used to get Medicare benefits and is the way most people get their Medicare Part A and Part B benefits now. You may go to any doctor, specialist, or hospital that accepts Medicare. The Original Medicare Plan pays its share and you pay your share.

All physicians and other providers are required by law to file claims directly to Medicare for members with Medicare Part B, when Medicare is primary. This is true whether or not they accept Medicare.

When you are enrolled in Original Medicare along with this Plan, you still need to follow the rules in this brochure for us to cover your care.

Claims process when you have the Original Medicare Plan – You will probably not need to file a claim form when you have both our Plan and the Original Medicare Plan.

When we are the primary payor, we process the claim first.

When Original Medicare is the primary payor, Medicare processes your claim first. In most cases, your claim will be coordinated automatically and we will then provide secondary benefits for covered charges. To find out if you need to do something to file your claim, call us at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155) or see our website at www.SambaPlans.com.

We waive some costs if the Original Medicare Plan is your primary payor – We will waive some out-of-pocket costs as follows:

- If you are enrolled in Medicare Part A, we will waive the following:
 - the per confinement copayment for inpatient hospital confinements
 - the coinsurance for inpatient hospital benefits
- If you are enrolled in Medicare Part B, we will waive the deductibles, copayments and coinsurances for:
 - Surgery and anesthesia services
 - Mental health and substance use disorder benefits
 - Medical services and supplies provided by physicians and other health care professionals
 - Outpatient services by a hospital and other facilities and ambulance services
 - Dental benefits

Note: We do not waive the copayments and/or coinsurance for prescription drugs. Also, all Plan benefit limitations and exclusions still apply. In cases where we cover a service that is not covered by Medicare, we are the primary payor. In these cases, we do not waive any out-of-pocket costs.

• **Tell us about your Medicare coverage**

You must tell us if you or a covered family member has Medicare coverage, and let us obtain information about services denied or paid under Medicare. You must also tell us about other coverage you or your covered family members may have, as this coverage may affect the primary/secondary status of this Plan and Medicare.

• **Private Contract with your physician**

If you are enrolled in Medicare Part B, a physician may ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. Should you sign an agreement, Medicare will not pay any portion of the charges, and we will not increase our payment. We will still limit our payment to the amount we would have paid after Original Medicare's payment. You may be responsible for paying the difference between the billed amount and the amount we paid.

• **Medicare Advantage (Part C)**

If you are eligible for Medicare, you may choose to enroll in and get your Medicare benefits from a Medicare Advantage plan. These are private health care choices (like HMOs and regional PPOs) in some areas of the country. To learn more about Medicare Advantage plans, contact Medicare at 800-MEDICARE (800-633-4227), (TTY: 877-486-2048) or at www.medicare.gov.

If you enroll in a Medicare Advantage plan, the following options are available to you:

This Plan and another plan's Medicare Advantage plan: You may enroll in another plan's Medicare Advantage plan and also remain enrolled in our FEHB plan. We will still provide benefits when your Medicare Advantage plan is primary, even out of the Medicare Advantage plan's network and/or service area. However, we will not waive any of our copayments, coinsurance, or deductibles. If you enroll in a Medicare Advantage plan, tell us. We will need to know whether you are in the Original Medicare Plan or in a Medicare Advantage plan so we can correctly coordinate benefits with Medicare.

Suspended FEHB coverage to enroll in a Medicare Advantage plan: If you are an annuitant or former spouse, you can suspend your FEHB coverage to enroll in a Medicare Advantage plan, eliminating your FEHB premium. (OPM does not contribute to your Medicare Advantage plan premium.) For information on suspending your FEHB enrollment, contact your retirement office. If you later want to re-enroll in the FEHB Program, generally you may do so only at the next Open Season unless you involuntarily lose coverage or move out of the Medicare Advantage plan's service area.

- **Medicare prescription drug coverage (Part D)**

When we are the primary payor, we process the claim first. If you enroll in Medicare Part D and we are the secondary payor, we will review claims for your prescription drug costs that are not covered by Medicare Part D and consider them for payment under the FEHB plan.

Medicare always makes the final determination as to whether they are the primary payor. The following chart illustrates whether Medicare or this Plan should be the primary payor for you according to your employment status and other factors determined by Medicare. It is critical that you tell us if you or a covered family member has Medicare coverage so we can administer these requirements correctly. **(Having coverage under more than two health plans may change the order of benefits determined on this chart.)**

Primary Payor Chart		
A. When you – or your covered spouse – are age 65 or over and have Medicare and you...	The primary payor for the individual with Medicare is...	
	Medicare	This Plan
1) Have FEHB coverage on your own as an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through your spouse who is an annuitant	✓	
3) Have FEHB through your spouse who is an active employee		✓
4) Are a reemployed annuitant with the Federal government and your position is excluded from the FEHB (your employing office will know if this is the case) and you are not covered under FEHB through your spouse under #3 above	✓	
5) Are a reemployed annuitant with the Federal government and your position is not excluded from the FEHB (your employing office will know if this is the case) and... <ul style="list-style-type: none"> • You have FEHB coverage on your own or through your spouse who is also an active employee 		✓
<ul style="list-style-type: none"> • You have FEHB coverage through your spouse who is an annuitant 	✓	
6) Are a Federal judge who retired under title 28, U.S.C., or a Tax Court judge who retired under Section 7447 of title 26, U.S.C. (or if your covered spouse is this type of judge) and you are not covered under FEHB through your spouse under #3 above	✓	
7) Are enrolled in Part B only, regardless of your employment status	✓ for Part B services	✓ for other services
8) Are a Federal employee receiving Workers' Compensation disability benefits for six months or more	✓ *	
B. When you or a covered family member...		
1) Have Medicare solely based on end stage renal disease (ESRD) and... <ul style="list-style-type: none"> • It is within the first 30 months of eligibility for or entitlement to Medicare due to ESRD (30-month coordination period) 		✓
<ul style="list-style-type: none"> • It is beyond the 30-month coordination period and you or a family member are still entitled to Medicare due to ESRD 	✓	
2) Become eligible for Medicare due to ESRD while already a Medicare beneficiary and... <ul style="list-style-type: none"> • This Plan was the primary payor before eligibility due to ESRD (for 30 month coordination period) 		✓
<ul style="list-style-type: none"> • Medicare was the primary payor before eligibility due to ESRD 	✓	
3) Have Temporary Continuation of Coverage (TCC) and... <ul style="list-style-type: none"> • Medicare based on age and disability 	✓	
<ul style="list-style-type: none"> • Medicare based on ESRD (for the 30 month coordination period) 		✓
<ul style="list-style-type: none"> • Medicare based on ESRD (after the 30 month coordination period) 	✓	
C. When either you or a covered family member are eligible for Medicare solely due to disability and you...		
1) Have FEHB coverage on your own as an active employee or through a family member who is an active employee		✓
2) Have FEHB coverage on your own as an annuitant or through a family member who is an annuitant	✓	
D. When you are covered under the FEHB Spouse Equity provision as a former spouse	✓	

* Workers' Compensation is primary for claims related to your condition under Workers' Compensation.

When you are age 65 or over and you do not have Medicare

Under the FEHB law, we must limit our payments for inpatient hospital care and physician care to those payments you would be entitled to if you had Medicare. Your physician and hospital must follow Medicare rules and cannot bill you for more than they could bill you if you had Medicare. You and the FEHB benefit from these payment limits. Outpatient hospital care and non-physician based care are not covered by this law; regular Plan benefits apply. The following chart has more information about the limits.

If you:

- are age 65 or over; and
- do not have Medicare Part A, Part B, or both; and
- have this Plan as an annuitant or as a former spouse, **or** as a family member of an annuitant or former spouse; and
- are not employed in a position that gives FEHB coverage. (Your employing office can tell you if this applies.)

Then, for your inpatient hospital care:

- The law requires us to base our payment on an amount – the “equivalent Medicare amount” – set by Medicare’s rules for what Medicare would pay, not on the actual charge.
- You are responsible for your applicable deductibles, coinsurance, or copayments under this Plan.
- You are not responsible for any charges greater than the equivalent Medicare amount; we will show that amount on the explanation of benefits (EOB) form that we send you.
- The law prohibits a hospital from collecting more than the “equivalent Medicare amount.”

And, for your physician care, the law requires us to base our payment and your coinsurance or copayment on:

- an amount set by Medicare and called the “Medicare approved amount,” or
- the actual charge if it is lower than the Medicare approved amount.

If your physician:	Then you are responsible for:
Participates with Medicare or accepts Medicare assignment for the claim and is a member of our PPO network,	your deductibles, coinsurance, and copayments.
Participates with Medicare and is not in our PPO network,	your deductibles, coinsurance, copayments, and any balance up to the Medicare approved amount.
Does not participate with Medicare,	your deductibles, coinsurance, copayments, and any balance up to 115% of the Medicare approved amount.
Does not participate with Medicare and is not a member of our PPO network,	your out-of-network deductibles, coinsurance, and any balance up to 115% of the Medicare approved amount.
Opts-out of Medicare via private contract,	your deductibles, coinsurance, copayments, and any balance your physician charges.

It is generally to your financial advantage to use a physician who participates with Medicare. Such physicians are permitted to collect only up to the Medicare approved amount.

Physicians Who Opt-Out of Medicare

A physician may have opted-out of Medicare and may or may not ask you to sign a private contract agreeing that you can be billed directly for services ordinarily covered by Original Medicare. This is different than a non-participating doctor, and we recommend you ask your physician if he or she has opted-out of Medicare. Should you visit an opt-out physician, the physician will not be limited to 115% of the Medicare approved amount. You may be responsible for paying the difference between the billed amount and our regular in-network/out-of-network benefits.

Our explanation of benefits (EOB) form will tell you how much the physician or hospital can collect from you. If your physician or hospital tries to collect more than allowed by law, ask the physician or hospital to reduce the charges. If you have paid more than allowed, ask for a refund. If you need further assistance, call us.

**When you have the
Original Medicare Plan
(Part A, Part B, or both)**

We limit our payment to an amount that supplements the benefits that Medicare would pay under Medicare Part A (Hospital insurance) and Medicare Part B (Medical insurance), regardless of whether Medicare pays. Note: We pay our regular benefits for emergency services to an institutional provider, such as a hospital, that does not participate with Medicare and is not reimbursed by Medicare.

We use the Department of Veterans Affairs (VA) Medicare-equivalent Remittance Advice (MRA) when the statement is submitted to determine our payment for covered services provided to you if Medicare is primary, when Medicare does not pay the VA facility.

If you are covered by Medicare Part B and it is primary, your out-of-pocket costs for services that both Medicare Part B and we cover depend on whether your physician accepts Medicare assignment for the claim.

If your physician **accepts** Medicare assignment, we waive some of your deductibles, copayment and coinsurance for covered charges.

If your physician **does not accept** Medicare assignment, you pay the difference between the “limiting charge” or the physician’s charge (whichever is less) and our payment combined with Medicare’s payment.

It’s important to know that a physician who does not accept Medicare assignment may not bill you for more than 115% of the amount Medicare bases its payment on, called the “limiting charge.” The Medicare Summary Notice (MSN) that Medicare will send you will have more information about the limiting charge. If your physician tries to collect more than allowed by law, ask the physician to reduce the charges. If the physician does not, report the physician to the Medicare carrier that sent you the MSN form. Call us if you need further assistance.

Section 10. Definitions of Terms We Use in This Brochure

Accidental injury	A bodily injury sustained solely through violent, external and accidental means such as broken bones, animal bites and poisonings. Note: An injury to teeth while chewing and/or eating is not considered to be an accidental injury.
Admission	The period from entry (admission) into a hospital or other covered facility until discharge. In counting days of inpatient care, the date of entry and the date of discharge are counted as the same day.
Assignment	An authorization by an enrollee or spouse for us to issue payment of benefits directly to the provider. We reserve the right to pay the member directly for all covered services.
Calendar year	January 1 through December 31 of the same year. For new enrollees, the calendar year begins on the effective date of their enrollment and ends on December 31 of the same year.
Clinical Trials Cost Categories	<p>An approved clinical trial includes a phase I, phase II, phase III, or phase IV clinical trial that is conducted in relation to the prevention, detection, or treatment of cancer or other life-threatening disease or condition, and is either Federally-funded; conducted under an investigational new drug application reviewed by the Food and Drug Administration (FDA); or is a drug trial that is exempt from the requirement of an investigational new drug application.</p> <p>If you are a participant in a clinical trial, this health plan will provide related care as follows, if it is not provided by the clinical trial:</p> <ul style="list-style-type: none">• Routine care costs – costs for routine services such as doctor visits, lab tests, x-rays and scans, and hospitalizations related to treating the patient's condition whether the patient is in a clinical trial or is receiving standard therapy• Extra care costs – costs related to taking part in a clinical trial such as additional tests that a patient may need as part of the trial, but not as part of the patient's routine care• Research costs – costs related to conducting the clinical trial such as research physician and nurse time, analysis of results, and clinical tests performed only for research purposes are generally covered by the clinical trials. This plan does not cover these costs.
Coinsurance	Coinsurance is the percentage of our allowance that you must pay for your care. You may also be responsible for additional amounts. See page 23.
Confinement	An admission (or series of admissions separated by less than 60 days) to a hospital as an inpatient, for which a full day's room and board charge is made, for any one illness or injury.
Congenital anomaly	A condition existing at or from birth, which is a significant deviation from the common form or norm. For purposes of this Plan, congenital anomalies include protruding ear deformities, cleft lips, cleft palates, birthmarks, webbed fingers or toes, and other conditions that the Carrier may determine to be congenital anomalies. In no event will the term congenital anomaly include conditions relating to teeth or intra-oral structures supporting the teeth except for the Dental prosthetic appliances benefit and Orthodontic treatment covered under <i>Section 5(g); Dental benefits</i> .
Convenient care clinic	A small healthcare clinic, usually located in a high-traffic retail outlet, with a limited pharmacy, that treats uncomplicated minor illnesses and provides preventative healthcare services on a walk-in basis. Examples of a convenient care clinic include MinuteClinic in CVS pharmacy locations and Take Care Clinic sm in Walgreens pharmacy locations. Convenient care clinics are different from Urgent care centers (see page 110) that primarily provide treatment to patients who have an illness or injury that requires immediate care but is not serious enough to warrant a visit to the emergency room.

Copayment	A copayment is a fixed amount of money you pay when you receive covered services. See page 22.
Cosmetic surgery	Any surgical procedure (or any portion of a procedure) performed primarily to improve physical appearance through change in bodily form, except repair of accidental injury.
Cost-sharing	Cost-sharing is the general term used to refer to your out-of-pocket costs (e.g., deductible, coinsurance, and copayments) for the covered care you receive.
Covered services	Services we provide benefits for, as described in this brochure.
Custodial care	<p>Treatment or services, regardless of who recommends them or where they are provided, that could be rendered safely and reasonably by a person not medically skilled, or that are designed mainly to help the patient with daily living activities. These activities include but are not limited to:</p> <ol style="list-style-type: none"> 1) personal care such as help in: walking; getting in and out of bed; bathing; eating by spoon, tube or gastrostomy; exercising; dressing; 2) homemaking, such as preparing meals or special diets; 3) moving the patient; 4) acting as companion or sitter; 5) supervising medication that can usually be self administered; or 6) treatment or services that any person may be able to perform with minimal instruction, including but not limited to recording temperature, pulse, and respiration, or administration and monitoring of feeding systems. <p>Custodial care that lasts 90 days or more is sometimes known as long term care. The Plan determines which services are custodial care.</p>
Deductible	A deductible is a fixed amount of covered expenses you must incur for certain covered services and supplies before we start paying benefits for those services. See page 22.
Durable medical equipment	<p>Equipment and supplies that:</p> <ol style="list-style-type: none"> 1. Are prescribed by your attending physician (i.e., the physician who is treating your illness or injury); 2. Are medically necessary; 3. Are primarily and customarily used only for a medical purpose; 4. Are generally useful only to a person with an illness or injury; 5. Are designed for prolonged use; and 6. Serve a specific therapeutic purpose in the treatment of an illness or injury.
Experimental or investigational services	<p>A drug, device, or biological product is experimental or investigational if the drug, device, or biological product cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time it is furnished. Approval means all forms of acceptance by the FDA.</p> <p>A medical treatment or procedure, or a drug, device, or biological product is experimental or investigational if 1) reliable evidence shows that it is the subject of ongoing phase I, II, or III clinical trials or under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis; or 2) reliable evidence shows that the consensus of opinion among experts regarding the drug, device, or biological product or medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy, or its efficacy as compared with the standard means of treatment or diagnosis.</p>

Reliable evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device or medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device or medical treatment or procedure.

Genetic counseling

Genetic counseling is a process of communication between patients and trained professionals intended to provide patients who have a genetic disease, or risk of such a disease, with information about their condition and its effect on their family. This allows patients and their families to make informed reproductive and other medical decisions.

Genetic screening

The diagnosis, prognosis, management, and prevention of genetic disease for those patients who have no current evidence or manifestation of a genetic disease and those who have not been determined to have an inheritable risk of genetic disease.

Genetic testing

The diagnosis and management of genetic disease for those patients with current signs and symptoms, and for those who have been determined to have an inheritable risk of genetic disease.

Group health coverage

Health care coverage that a member is eligible for because of employment by, membership in, or connection with, a particular organization or group that provides payment for hospital, medical, or other health care services or supplies, or that pays a specific amount for each day or period of hospitalization if the specified amount exceeds \$200 per day, including extension of any of these benefits through COBRA.

Health care professional

A physician or other health care professional licensed, accredited, or certified to perform specified health services consistent with state law.

Hospice Care

Hospice is a coordinated program of maintenance and supportive care for the terminally ill provided by a medically supervised team under the direction of a Plan-approved independent hospice administration.

Note: A terminally ill person is a covered family member whose life expectancy is six months or less, as certified by the primary doctor.

Incurred

An expense is incurred on the date a service or supply is rendered or received unless otherwise noted in this brochure.

Infertility

Infertility is the condition of an individual who is unable to conceive or produce conception during a period of 1 year if the female is age 35 or younger or during a period of 6 months if the female is over the age of 35. For women without male partners or exposure to sperm, infertility is the inability to conceive after six cycles of Artificial Insemination or Intrauterine Insemination performed by a qualified specialist using normal quality donor sperm. These 6 cycles (including donor sperm) are not covered by the plan as a diagnosis of infertility is not established until the cycles have been completed.

Intensive outpatient program

A comprehensive outpatient treatment program that includes extended periods of individual or group therapy sessions designed to assist members with mental health and/or substance use disorder conditions. It is an intermediate setting between traditional outpatient therapy and partial hospitalization. Program sessions may occur more than one day per week.

Medical necessity

Services, drugs, supplies or equipment provided by a hospital or covered provider of health care services that we determine:

- 1) are appropriate to diagnose or treat the patient's condition, illness or injury;
- 2) are consistent with standards of good medical practice in the United States;
- 3) are not primarily for the personal comfort or convenience of the patient, the family, or the provider;

- 4) are not a part of or associated with the scholastic education or vocational training of the patient; and
- 5) in the case of inpatient care, cannot be provided safely on an outpatient basis.

The fact that a covered provider has prescribed, recommended, or approved a service, supply, drug or equipment does not, in itself, make it medically necessary.

**Mental conditions/
substance use disorder**

Conditions and diseases listed in the most recent edition of the International Classification of Diseases (ICD) as psychosis, neurotic disorders, or personality disorders; other nonpsychotic mental disorders listed in the ICD; or disorders listed in the ICD requiring treatment for use of, or dependence upon, substances such as alcohol, narcotics, or hallucinogens.

Morbid obesity

A diagnosed condition in which the body mass index is 40 or greater or 35 or greater with co-morbidities such as diabetes, coronary artery disease, hypertension, hyperlipidemia, obstructive sleep apnea, pulmonary hypertension, weight related degenerative joint disease, or lower extremity venous or lymphatic obstruction.

Observation services

Observation care is a well-defined set of specific, clinically appropriate services, which include ongoing short term treatment, assessment, and reassessment, that are provided while a decision is being made regarding whether a patient will require further treatment as a hospital inpatient or whether the patient will be able to be discharged from the hospital. Observation services are commonly ordered for a patient who presents to the emergency room department and who then requires a significant period of treatment or monitoring in order to make a decision regarding their inpatient admission or discharge. Some hospitals will bill for observation room status (hourly) and hospital incidental services.

The Plan provides outpatient hospital benefits for observation care. If you are in the hospital for more than a few hours, ask your physician or the hospital if your stay is considered inpatient or outpatient so that you are aware of how your hospital claim will be processed. Although you may stay overnight in a hospital room and receive meals and other hospital services, some hospital services, including “observation services,” are actually outpatient care. Since observation services are billed as outpatient care, outpatient facility benefit levels apply and your out-of-pocket expenses may be higher as a result.

Orthopedic device

Any custom fitted external device used to support, align, prevent, or correct deformities or to restore or improve function.

Partial Hospitalization

A time-limited, ambulatory, active treatment program used to treat mental illness and substance use disorder. The patient continues to reside at home, but commutes to a treatment center that offers intensive clinical services that are coordinated and structured in a stable therapeutic environment. Provides at least 20 hours of scheduled programs extended over a minimum of five days per week in a licensed or JCAHO accredited facility.

Plan allowance

Our Plan allowance is the amount we use to determine our payment and your coinsurance for covered services. Fee-for-service plans determine their allowances in different ways. We determine our allowance as follows:

- PPO providers: For services rendered by a covered provider who participates in the Plan’s PPO network, our allowance is based on a negotiated rate agreed to under the providers’ network agreement.

Note: You will not be responsible for any amount above the providers’ negotiated rate; PPO providers accept the Plan’s allowance as payment in full.

- Non-PPO providers: When you receive care from a Non-PPO provider, our allowance is determined as follows:

For all dialysis and urine drug screening/testing, our allowance is 200% of the Medicare allowance for these services.

For all other services, we determine our allowance based on the following rules in order.

– **Rule One**

When a Non-PPO provider has agreed to discount their charges, our allowance is the amount that the provider has negotiated and agreed to accept for the services or supplies. **You are not responsible for the difference between the allowance and the provider's billed charges.**

If the provider has not agreed to discount their charges, we will access Rule Two.

– **Rule Two**

An amount equal to 200% of the current Medicare rate for professional and facility expenses. **You may be responsible for the difference between the allowance and the provider's billed charges.**

If there is no Medicare rate for the service(s) billed, we will access Rule Three.

– **Rule Three**

We will utilize outside sources, such as Fair Health, Inc., to determine the allowance for certain services and supplies in a specific geographic area. **You may be responsible for the difference between the allowance and the provider's billed charges.**

For certain services, exceptions may exist to the use of the out-of-network fee schedule to determine the Plan's Non-PPO allowance. For claims governed by OBRA '90 and '93, the Plan allowance will be based on Medicare allowable amounts as is required by law. For claims where the Plan is secondary payor to Medicare, the Plan allowance is the Medicare allowable charge.

For covered services rendered by a hospital or by a doctor outside the United States, our allowance is based on the Plan's allowance established for the Washington, D.C. Metropolitan area.

Note: We will not consider any fee charged above the Plan's allowance. The member is responsible for the difference between the Plan's allowance and the provider's charge.

- **Other Participating Providers:** When you use certain Non-PPO providers that have agreed to discount their charges, our Plan allowance is the amount that the provider has negotiated and agreed to accept for the services and/or supplies. Benefits will be paid at the Non-PPO benefit levels. You are not responsible for the difference between the Plan's allowance/negotiated amount and the provider's billed charges.

For more information, see *Differences between our allowance and the bill* in Section 4.

Post-service claims

Any claims that are not pre-service claims. In other words, post-service claims are those claims where treatment has been performed and the claims have been sent to us in order to apply for benefits.

Pre-service claims

Those claims (1) that require precertification, prior approval, or a referral and (2) where failure to obtain precertification, prior approval, or a referral results in a reduction of benefits.

Prosthetic device

An artificial substitute for a missing body part such as an arm, eye, or leg. This device may be used for a functional or cosmetic reason or both.

Reimbursement

A carrier's pursuit of a recovery if a covered individual has suffered an illness or injury and has received, in connection with that illness or injury, a payment from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, and the terms of the carrier's health benefits plan require the covered individual, as a result of such payment, to reimburse the carrier out of the payment to the extent of the benefits initially paid or provided. The right of reimbursement is cumulative with and not exclusive of the right of subrogation.

Remission	A remission is a halt or actual reduction in the progression of illness resulting in discharge from a hospice care program with no further expenses incurred.
Routine services	Services that are not related to any specific illness, injury, set of symptoms, or maternity care.
Sound natural tooth	A sound, natural tooth is a tooth that is whole or properly restored and is without impairment, periodontal or other conditions and is not in need of the treatment provided for any reason other than an accidental injury. For purposes of this Plan, a tooth previously restored with a crown, inlay, onlay, or porcelain restoration or treated by endodontics is not considered a sound natural tooth.
Subrogation	A carrier's pursuit of a recovery from any party that may be liable, any applicable insurance policy, or a workers' compensation program or insurance policy, as successor to the rights of a covered individual who suffered an illness or injury and has obtained benefits from that carrier's health benefits plan.
Urgent care center	An ambulatory care center, outside of a hospital emergency department, that provides treatment for medical conditions that are not life-threatening, but need quick attention, on a walk-in basis. Urgent care centers are different from convenient care clinics, see page 105.
Urgent care claims	<p>A claim for medical care or treatment is an urgent care claim if waiting for the regular time limit for non-urgent care claims could have one of the following impacts:</p> <ul style="list-style-type: none"> • Waiting could seriously jeopardize your life or health; • Waiting could seriously jeopardize your ability to regain maximum function; or • In the opinion of a physician with knowledge of your medical condition, waiting would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim. <p>Urgent care claims largely involve pre-service claims and not post-service claims. We will determine whether or not a claim is an urgent care claim by applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.</p> <p>If you believe your claim qualifies as an urgent care claim, please contact our Customer Service Department at 800-638-6589 or 301-984-1440 (for TDD, use 301-984-4155). You may also prove that your claim is an urgent care claim by providing evidence that a physician with knowledge of your medical condition has determined that your claim involves urgent care.</p>
Us/We	Us and we refer to SAMBA.
You	You refers to the enrollee and each covered family member.

Section 11. Other Federal Programs

Please note, the following programs are not part of your FEHB benefits. They are separate Federal programs that complement your FEHB benefits and can potentially reduce your annual out-of-pocket expenses. These programs are offered independent of the FEHB Program and require you to enroll separately with no government contribution.

Important information about four Federal programs that complement the FEHB Program

First, the **Federal Flexible Spending Account Program**, also known as **FSAFEDS**, lets you set aside pre-tax money from your salary to reimburse you for eligible dependent care and/or health care expenses. You pay less in taxes so you save money. Participating employees save an average of about 30% on products and services they routinely pay for out-of-pocket.

Second, the **Federal Employees Dental and Vision Insurance Program (FEDVIP)** provides comprehensive dental and vision insurance at competitive group rates. There are several plans from which to choose. Under FEDVIP you may choose self only, self plus one, or self and family coverage for yourself and any eligible dependents.

Third, the **Federal Long Term Care Insurance Program (FLTCIP)** can help cover long term care costs, which are not covered under the FEHB Program.

Fourth, the **Federal Employees' Group Life Insurance Program (FEGLI)** can help protect your family from burdensome funeral costs and the unexpected loss of your income.

The Federal Flexible Spending Account Program – *FSAFEDS*

What is an FSA?

It is an account where you contribute money from your salary **BEFORE** taxes are withheld, then incur eligible expenses and get reimbursed. You pay less in taxes so you save money.

Annuitants are not eligible to enroll.

There are three types of FSAs offered by FSAFEDS. Each type has a minimum annual election of \$100. The maximum annual election for a health care flexible spending account (HCFSA) or a limited expense health care spending account (LEX HCFSA) is \$2,600 per person. The maximum annual election for a dependent care flexible spending account (DCFSA) is \$5,000 per household.

- **Health Care FSA (HCFSA)** – Reimburses you for eligible out-of-pocket health care expenses (such as copayments, deductibles, **physician prescribed** over-the-counter drugs and medications, vision and dental expenses, and much more) for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).

FSAFEDS offers paperless reimbursement for your HCFSA through a number of FEHB and FEDVIP plans. This means that when you or your provider files claims with your FEHB or FEDVIP plan, FSAFEDS will automatically reimburse your eligible out-of-pocket expenses based on the claim information it receives from your plan.

- **Limited Expense Health Care FSA (LEX HCFSA)** – Designed for employees enrolled in or covered by a High Deductible Health Plan with a Health Savings Account. Eligible expenses are limited to out-of-pocket dental and vision care expenses for you and your tax dependents, including adult children (through the end of the calendar year in which they turn 26).
- **Dependent Care FSA (DCFSA)** – Reimburses you for eligible **non-medical** day care expenses for your children under age 13 and/or for any person you claim as a dependent on your Federal Income Tax return who is mentally or physically incapable of self-care. You (and your spouse if married) must be working, looking for work (income must be earned during the year), or attending school full-time to be eligible for a DCFSA.

If you are a new or newly eligible employee you have 60 days from your hire date to enroll in an HCFSA or LEX HCFSA and/or DCFSA, but you must enroll before October 1. If you are hired or become eligible on or after October 1 you must wait and enroll during the Federal Benefits Open Season held each fall.

Where can I get more information about FSAFEDS?

Visit www.FSAFEDS.com or call an FSAFEDS Benefits Counselor toll-free at 877-FSAFEDS (877-372-3337) (TTY, 1-866-353-8058), Monday through Friday, 9 a.m. until 9 p.m., Eastern Time.

The Federal Employees Dental and Vision Insurance Program – *FEDVIP*

Important Information

The Federal Employees Dental and Vision Insurance Program (FEDVIP) is separate and different from the FEHB Program. **This Program provides comprehensive dental and vision insurance at competitive group rates with no pre-existing condition limitations for enrollment.**

FEDVIP is available to eligible Federal and Postal Service employees, retirees, and their eligible family members on an enrollee-pay-all basis. Employee premiums are withheld from salary on a pre-tax basis. Beginning in 2019, FEDVIP is also available to TRICARE eligible retirees and their families during the 2018 Federal Benefits Open Season. Active duty family members are eligible to enroll in FEDVIP vision insurance. Both retirees and active duty family members must be enrolled in a TRICARE health plan in order to enroll in a FEDVIP vision plan.

Dental Insurance

All dental plans provide a comprehensive range of services, including:

- Class A (Basic) services, which include oral examinations, prophylaxis, diagnostic evaluations, sealants and x-rays.
- Class B (Intermediate) services, which include restorative procedures such as fillings, prefabricated stainless steel crowns, periodontal scaling, tooth extractions, and denture adjustments.
- Class C (Major) services, which include endodontic services such as root canals, periodontal services such as gingivectomy, major restorative services such as crowns, oral surgery, bridges and prosthodontic services such as complete dentures.
- Class D (Orthodontic) services with up to a 12-month waiting period. **Most FEDVIP dental plans cover adult orthodontia. Review your FEDVIP dental plan's brochure for information on this benefit.**

Vision Insurance

All vision plans provide comprehensive eye examinations and coverage for lenses, frames and contact lenses. Other benefits such as discounts on LASIK surgery may also be available.

Additional Information

You can find a comparison of the plans available and their premiums on the OPM website at www.opm.gov/dental and www.opm.gov/vision. These sites also provide links to each plan's website, where you can view detailed information about benefits and preferred providers.

How do I enroll?

You enroll on the Internet at www.BENEFEDS.com. For those without access to a computer, call 877-888-3337 (TTY: 877-889-5680).

The Federal Long Term Care Insurance Program – *FLTCIP*

It's important protection

The Federal Long Term Care Insurance Program (FLTCIP) can help pay for the potentially high cost of long term care services, which are not covered by FEHB plans. Long term care is help you receive to perform activities of daily living – such as bathing or dressing yourself – or supervision you receive because of a severe cognitive impairment such as Alzheimer's disease. Long term care can be received in your home, in a nursing home, in an assisted living facility, or in adult day care. You must apply, answer health questions (called underwriting) and be approved for enrollment. Federal and U.S. Postal Service employees and annuitants, active and retired members of the uniformed services, and qualified relatives are eligible to apply. Your qualified relatives can apply even if you do not. Certain medical conditions, or combinations of conditions, will prevent some people from being approved for coverage. You must apply to know if you will be approved for enrollment. For more information, call 800-LTC-FEDS (800-582-3337) (TTY: 800-843-3557), or visit www.ltcfeds.com.

The Federal Employees' Group Life Insurance Program – *FEGLI*

Peace of Mind for You and Your Family

The Federal Employees' Group Life Insurance Program (FEGLI) can help protect your family from burdensome funeral costs and the unexpected loss of your income. You can get life insurance coverage starting at one year's salary to more than six times your salary and many options in between. You can also get coverage on the lives of your spouse and unmarried dependent children under age 22. You can continue your coverage into retirement if you meet certain requirements. For more information, visit www.opm.gov/life.

Notes

Summary of benefits for the High Option of the SAMBA Health Benefit Plan – 2019

Do not rely on this chart alone. All benefits are subject to the definitions, limitations, and exclusions in this brochure. You can obtain a copy of our Affordable Care Act Summary of Benefits and Coverage at www.SambaPlans.com/health-benefit-plan/sbc/. On this page we summarize specific expenses we cover; for more detail, look inside. If you want to enroll or change your enrollment in this Plan, be sure to put the correct enrollment code from the cover on your enrollment form.

Below, an asterisk (*) means the item is subject to the \$350 calendar year deductible. And, after we pay, you generally pay any difference between our allowance and the billed amount if you use a Non-PPO physician or other health care professional.

High Option Benefits	You Pay	Page
Medical services provided by physicians: <ul style="list-style-type: none"> • Diagnostic and treatment services provided in the office 	PPO: \$25 copayment per office visit Non-PPO: 35%* of the Plan allowance	30

2019 Rate Information for SAMBA Health Benefit Plan

To compare your FEHB health plan options please go to www.opm.gov/fehcompare.

To review premium rates for all FEHB health plan options please go to www.opm.gov/FEHBpremiums or www.opm.gov/Tribalpremium.

Non-Postal rates apply to most non-Postal employees. If you are in a special enrollment category, contact the agency that maintains your health benefits enrollment.

Postal rates apply to certain United States Postal Service employees as follows:

- **Postal Category 1** rates apply to career bargaining unit employees who are represented by the following agreements: APWU, IT/AS, NALC, NPMHU, and NRLCA.
- If you are a careet bargaining unit employee represented by the agreement with NPPN, you will find your premium rates on <https://liteblue.usps.gov/fehb>.
- **Postal Category 2** rates apply to career bargaining unit employees who are represented by the following agreement: PPOA.

Non-Postal rates apply to all career non-bargaining unit Postal Service employees. Postal rates do not apply to non-career Postal employees, Postal retirees, and associate members of any Postal employee organization who are not career Postal employees.

If you are a Postal Service employee and have questions or require assistance, please contact:

USPS Human Resources Shared Service Center: 877-477-3273, option 5, Federal Relay Service 800-877-8339

Premiums for Tribal employees are shown under the monthly non-Postal column. The amount shown under employee contribution is the maximum you will pay. Your Tribal employer may choose to contribute a higher portion of your premium. Please contact your Tribal Benefits Officer for exact rates.
