

Let us do the math.

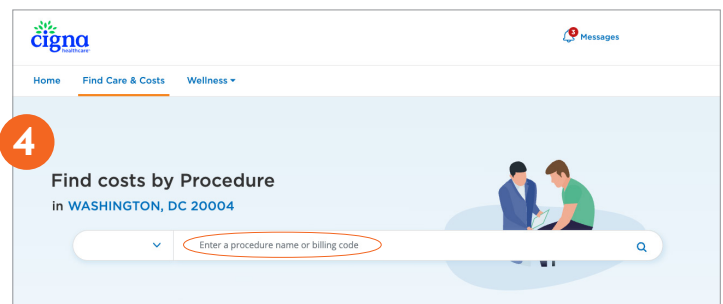

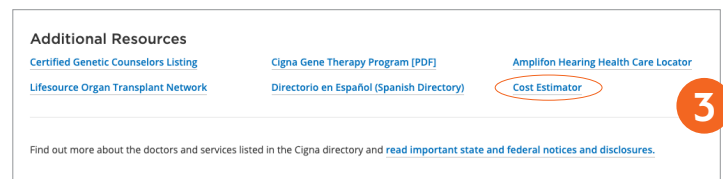

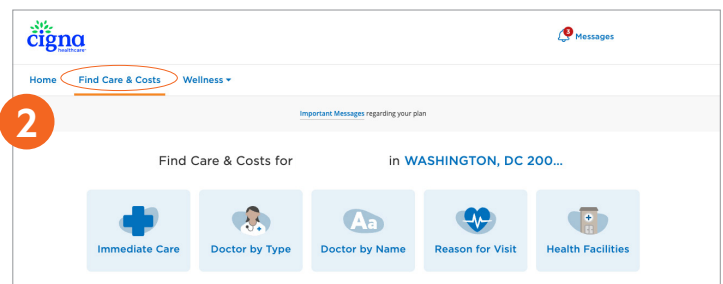

Calculate health care costs the easy way with our enhanced cost and quality tool.

If you need a medical procedure, the last thing you want to worry about is a surprise bill. To help keep you focused on your recovery, Cigna HealthcareSM offers an enhanced cost and quality tool on **myCigna**[®]. It's easy to use, and it can help you find the right care at the right price.

How to use the enhanced cost and quality tool:

1. **Log in to your myCigna account.** Haven't registered yet? No worries. Click here. Visit **myCigna** today to sign up today.
2. **Click "Find Care & Costs."** It's located on the top of the page.
3. **Click "Cost Estimator."** Scroll down and you'll see it under "Additional Resources."
4. **Do a search.** Start typing your procedure name and the tool will pull up local facilities as well as estimated costs.
5. **Go over your options.** Now that you have procedures, providers and prices at your fingertips, you can make the best choice for you.

Need a hand? We've got you.

Call your health plan at the number on the back of your ID card if you have any questions.
